COUNCIL

FROM THE PRESIDENT'S DESK

Every year I look forward to this opportunity to communicate. The idea is to share my ideas, concepts and dreams on the new patterns of education and means to spread them across the country in an effective and productive way. Every year when I turn back and review in the backdrop of what I had said in the past, I do cherish a sense of elation because I see a tangible growth in our education expansion programme.

Obviously credit for all the achievements go to the entire team spread across the region. We could not have made major inroads and expanded our mission without the support of parents, educationists and our compatriots. The mission and philosophy of Unity College was to spread education among the masses. It was our war against illiteracy and ignorance— the biggest curse on our planet.

Our mission allowed the common man on the streets to see beautiful dreams for the future of his Children. By the grace of Almighty we did accomplish some success in our mission. We

succeeded in taking education to the lower strata of the society cutting across all social, religious, cultural and economic barriers. Our message is loud and clear - “Make quality education accessible to all”. The cost should be cheap, the quality should be the topmost, we propagated it and we achieved it.

Challenges and Opportunities are two sides of the same coin. Modern education, curriculum development and teaching methodologies have to keep pace with the demand of the socio-economic environment. Holistic education should include all round development of a student. Overall development of the individual is the goal of education and we all have to ensure that there is no stone left unturned to equip the student of today for the challenges of life. We must instill a sense of belief in them, mould them into a role model for the country. Their pride will make their parents proud and they all will be our pride.

DR. S. KALBE SADIQ

FROM THE SECRETARY'S DESK

The artwork carried on the front cover page of our College Magazine depicts the theme “Open Door” - Education opens the door towards the enlightened world of opportunities, new skills, new ideas and a way forward to discover and develop new concepts. Without education, it is as though we are in a dark closed room with no view of the world outside. Education gives us a sneak peek at the progress, cultures and values of the world around us.

Schools impart education in subjects like Science, Commerce, History, Politics, Religion and Humanities and target to prepare the students to be more understanding, accommodating and sympathetic towards other cultures, races and religions resulting in a cohesive pluralistic society. Math and Science classes not only give us few basic skills to run our life but their deeper study helps us to become good engineers, architects, accountants, etc. and can lead us to contribute towards advancement of technology. Therefore, to be successful in this life we must carry on the pursuit of enhancing our skills and knowledge through the virtue of education being imparted in our schools.

The Unity College team is making sincere and well planned efforts to provide a conducive environment by opening up doors towards holistic development of our students for a better future. Our Annual College Magazine is one such effort that opens the door of opportunities for our students to reach out to many beyond our campus and to showcase their multi-faceted talents.

I take this opportunity to thank our editorial team, staff members, students and our young creative designer Ms. Isra Safawi for all their efforts in the successful publication of this year's College Magazine.

All readers are requested to encourage this endeavor by not only sharing their note of appreciation but to critically evaluate the work and send in their valuable suggestions to the Chief Editor.

Best Regards,
MR. NAJMUL HASAN RIZVI

FROM THE JOINT SECRETARY'S DESK

Dear Students,

You must have heard and read about nationalism. Your young minds must be searching the true meaning of this golden word. To me, any activity of an individual which ultimately helps in nation building is nationalism. If you do a job assigned to you to the best of your capabilities with honesty and sincerity, you are a nationalist. For example if a clerk sitting in the office does his job honestly and sincerely to the best of his capabilities, he is a nationalist. Similarly, if you as a student, concentrate on education and its allied activities like sports etc., to the best of your capability, you are a nationalist. I want the students of Unity College to achieve excellence in the field of education to ultimately help in nation building. May Allah help you in becoming good citizens of this great country.

With best wishes,
DR. MOHD. TALHA

FROM THE PRINCIPAL'S DESK

Lots of changes have been taking place in education. Education is no more contained only to books, chalk-talk or memorizing. Education is innovation, challenge, risk, experiment. One needs to take risk but everyone finds risk to be frightening. One needs to defy fear and doubt. Take the chances you are offered and give them the courage they demand. A man of courage will succeed and help others to accept the challenge. If you know what you want, have the courage to do it.

Success in life needs proper guidance, proper channeling of our knowledge. One needs to have faith in one-self and faith in God. A person with proper education, good discipline & sound knowledge with a determined mind will be successful in life. Unity College is not only an institution which gives knowledge, it also helps students to be better human beings with a strong personality and an open atmosphere to grow. We not only believe in 100% result but also in making a human person who can with-stand the challenges of life.

College administration encourages and counsels students to get into good colleges after their schooling, keeps a track on their whereabouts and guides them till they are employed. We keep up to our motto 'Excellence in Education' with sound knowledge, good personality development, computer literacy, good higher education and good placement.

I thank the College management for the never ending support and guidance, the teaching and non-teaching staff for their dedicated services, parents and students for their cooperation and above all the Almighty God for His abundant blessings. I congratulate our Editorial Board for bringing out this quality College Annual Magazine.

MR. FRANCIS CASTELINO

FROM THE EDITOR'S DESK

We live today in a world that is so very different from the one we grew up in, the one we were educated in. The world today is changing at such an accelerated rate and we as educators need to pause and reflect and ask ourselves, “Are we equipped to prepare our children to face the challenges that the future holds?”

It was Margaret Mead who said “Children must be taught how to think, not what to think,” and to enable this, we at Unity, promote learning through imagination and innovation, encouraged through a holistic approach.

Each issue of our College Magazine is an expression of our philosophy. It not only serves as a forum for the expression of the school celebrations, the various competitions that the students participate in, the awards won by the students, or the work done during various activities, but also unfolds our imaginations, and gives life to our thoughts, dreams, inspirations and aspirations. It unleashes a wide spectrum of creative skills ranging from writing to editing and even in designing the magazine.

Our world as we know is a collection of stories. The tales of our children, their dreams their failures and their victories. These are the stories that shape our future. To all readers: Parents, pupils and friends, we’re all stories in the end. Let’s come together and make it a good one!

The committed and supportive management, dedicated teachers, caring and co-operative parents blend harmoniously to create a child-centric school. Teamwork is the hallmark of UNITY. I congratulate and thank the entire Editorial team for their hard work and dedication in making this dream come true. This entire work would not have been possible without the support of the Management, Principal, Teachers and all our students.

Happy reading...

MS. KAINAAT MANSOOR

FROM THE COUNSELLOR'S DESK

“Every child is special and deserves the best start and right support in life”. In keeping compliance to this belief, Unity College runs counselling programmes as a vital tool to administer preventive as well as developmental measures for the holistic progress of each child.

The College Counselling team, helps children in all ways, be it academic, social, behavioural or emotional, ensuring each one becomes a productive, well-adjusted adult of tomorrow. We deal and succor with negativity or disorder in students and strive to channelize the same into positivity and productivity. Thus, we counsel and monitor the children with special needs and help them shed off their weaknesses or undesirable behaviouristic traits. We also seek to recognize their unique abilities to be chiseled and honed.

Career counselling for ISC students conducted by Extramarks was organized to provide proper guidance and counselling in the choice of careers, and to enable them to take the utmost benefit in shaping their aspirations into a bright future. Motivational lectures by successful personalities were arranged to impress them dream big and

pursue them with confidence and conviction. Motivational lecture were organized for the parents and students especially the Board classes which gave them valuable guidance from time to time.

Special attention is paid towards their all-round personality development. Workshops like ‘Confident Me’ of Dove Self-Esteem Project, Red-Brigade Training by Times NIE for senior students were organized from time to time. In the wake of increasing child abuse cases, Hope Initiative and the College Heads conducted awareness workshops right from class Nursery to XII, besides health and hygiene programmes.

Besides working with the students we stress on effective communication between the teachers and parents and seek their support and suggestion so that their wards can be provided the best approach to education.

We, at Unity College, guide and support students harness their potentials towards excellence.

GANDHI HOUSE REPORT

HOUSE MASTER:
MR. HASAN MEHDI

HOUSE MISTRESS:
MS. IQBAL FATIMA

**“BY EDUCATION I MEAN
AN ALL-ROUND
DRAWING OF THE BEST IN
CHILD AND MAN
IN BODY, MIND
AND SOUL”**

Gandhi House has always believed in the notion that strength does not come from what you can do, it comes from overcoming the things you once thought you couldn't.

This year started with the swearing-in ceremony of the new Captains and Prefects. Afifa Rizvi and Alisha Rashid were appointed Captain and Vice-Captain respectively.

The session began on a competitive note starting with Inter-House Debate. Though we couldn't excel in the competition, Mantasha of class XI bagged the Consolation prize. Next was Shot-Put in which Mariyam Zehra of class XI-D did us proud by clinching the 1st prize.

Now it was time for the boys to show their skill. Mohd Ashraf of class XI-C led the boys in various matches in which Juniors won the Cricket Tournament. In Table Tennis Juniors our House came 1st dwarfing the rest but stuck at the 2nd in Seniors.

Our House did extremely well in the Inter-House Wall Magazine competition. Here we secured the 1st position twice. The credit for excellence goes to all the House members for the relentless efforts put in by them.

We lost few competitions and won some of them but even after all the competitions, the students never forgot to uphold the values and spirit of the House.

We worked hard to set a standard for Gandhi House. We wish the best of luck to our future Captains, Prefects and Pupils hoping they will take the House to great heights.

As the sellers were very keenly advertising their articles and urging the visitors to buy, it appeared to be a real market scene. Students enjoyed fully and also learnt the skills of selling, buying, bargaining, and calculation of money.

This activity helped the kids to apply their learning in practical life too. This completely new idea was highly appreciated by one and all. The day had a real learning experience and a pleasure of outdoor activity.

CHILDREN'S DAY CELEBRATION

The toddlers of Pre-Primary celebrated Children's Day on 14th November to mark the innocent childhood . The special assembly conducted by the teachers was a loving tribute to Chacha Nehru. Children made beautiful book marks and paper baskets with the caption of 'Happy Children's Day'.

Each one had a feel of being a person of consequence as the teachers were showering love and affection besides greeting them. The happy day concluded with an earnest resolution to be good always and be a teacher's pet.

RED DAY

The colour Red symbolises 'warmth, positivity and determination'.

Thus to inculcate these traits among our students Red Day was celebrated on 29th December 2017 to introduce children into the mesmerizing realm of Red colour. The shades of red made our tiny tots feel bright, lively and cheerful.

Red colour symbolizes enthusiasm, life and vitality. The day started off with the colour Red everywhere- red dresses, red roses, red apples, red cherries, here a red, there a red...red, red everywhere. The little ones spent a spectacular day. Children enjoyed by doing fun activities related to the colour. Children in the entire section performed various activities as per the directions given by their teachers.

The Prep classes made a vase with red flowers and Upper Nursery made a lady bug with handmade paper, while Lower Nursery made water melons. In the Computer class also they drew Cherries, Bugs, Apples and Hearts using MS Paint.

PREP GRADUATION CEREMONY 2018

**“GRADUATION IS NOT THE
END, IT’S THE BEGINNING.”
-ORRIN HATCH**

The most special day in the scholastic march of little champs of Pre-Primary at Unity College is the Prep Graduation Ceremony. It is the day when they graduate the kid curriculum to set foot into the portals of Primary classes. This formal ceremony is organized with an aim to give a graceful adieu to the senior most students of the tiny tots’ wing before venturing into conducive classrooms and formal lessons.

This year the proud ceremony was held on 26th March, 2018. Dr. Nirja Singh, Principal of National P.G. College, graced the occasion as the Chief Guest. She was warmly welcomed by College Principal Mr. Francis Castelino. Appreciating the short but fabulous show, Dr. Nirja Singh said that the two items presented by the Upper Nursery and Prep classes were equal to two lakh items. She also reminded the parents of their dual responsibility that they are teachers at home, while the teachers are guardians at school. The parents should not only be their child’s companions but their confidants too. Only then we can protect our future citizens from the negative influence of Modern Technology.

The function commenced with the divine rendition of the three Holy Scriptures: Quran, Bhagwad Geeta and the Bible followed by a cheerful presentation by class Upper Nursery accompanying the mellifluous, high-sounding lines of “Chhoona hai Asmaan”. They rocked the stage and stole the hearts of the loving parents. The attractive props and befitting backdrop marked their high aspirations and determination. Next eye-feasting, mesmerizing order of events was the didactic act on deforestation and afforestation. The musical play began with the picturesque, blissful wildlife which is destroyed by humans by felling trees, but later the motherly green shelter is regained by the magical seed of new trees. The whole act spell bound the audience whose immediate response was a loud

applause. Class Prep students with radiant pride walked down the aisle to receive their degrees. They marked the celebration of accomplishments and aspirations by throwing their Black Degree Caps in the air. Their innocent enthusiasm and cherubic faces spread smiles and cheers all around.

The vibrant function concluded with the vote of thanks by College President Dr. S. Kalbe Sadiq. He said that Islam is a religion of love and peace. It teaches us to save life even at the disruption of worship. A religious man lives for others while an irreligious one lives for himself alone.

CAREER COUNSELLING

In the present scenario of rising competitions in the academic as well as professional realm and a myriad of lucrative career options, it has become incumbent on students to seek help in choosing a career or educational program. With a view to address this crucial need, Unity College organized Career Counselling Sessions for ISC students. It was conducted by the Extramarks Career Counselling in two stages. Firstly, the written round of comprehensive assessment (CAA) was given on 24th and 25th July, 2017 in order to evaluate individual skills, interest, personality, aptitude, thought process and career interest. It was followed by individual counselling of students and parents from 16th to 18th August, 2017. On the basis of a

detailed analysis of each student, the counsellors assisted them with the process of making career decisions by guiding them to develop skills or choose a career or education programme. The main emphasis was on selecting their careers and to overcome the various barriers in pursuing them.

In conclusion, College Counsellor Ms. Nisar Fatima, exhorted the students to take the utmost benefit in shaping their aspirations into a bright career. They should hold fast to their aim with confidence, conviction and constancy.

He then told about the top universities of India and their importance. Ms. Nisar Fatima acquainted the students with all the streams and their career opportunities respectively. The motivational session was a success as it cleared the students' doubts regarding academics and careers. It enabled them to think, decide and pursue a brighter future.

MOTIVATIONAL TALK BY RETD I.G.

On 31st January, Wednesday, Mr. Aftab Ahmed Khan, Retd. Inspector General of Police (C.R.P.F) who is a motivator & counsellor, graced the portals of Unity College to conduct a motivational cum counselling session for the students of class VIII and X. The objective of the session was to enable these students to think about their interests and aptitudes before choosing their stream in class IX and XI.

It was an informal talk, given as a fatherly figure, based on his personal life experiences. He advised the students to introspect and try to know themselves-what they can do and what they can't; what they like to do and what they don't while selecting their stream. Parents must not force their choices on their children. Students must not try to be perfect. He explained that Humanities has a wider scope than Science. Only students must know the various career options available in a particular stream.

Although he dissuaded the students from using mobiles, he advised them to use the internet for searching courses and colleges. He further advised the students to put their 100% in any task they do, rather than thinking or diverting their attention to other things. Only the PRESENT will make a difference, not the PAST, so live in the TODAY for a brighter TOMORROW. He also stressed on personality development and English conversation which plays an important role in career making.

At the end, the Principal, thanked Mr. Ahmad for giving his precious time to counsel the students at the threshold of their first step towards their careers.

COUNSELLING OF CLASS VIII

The counselling session on the threshold of ICSE (IX) gave the right direction to the students of class VIII on the last day of the Annual Examination on 13th March 2018. Addressing the enthusiastic Students, Principal apprised them of the Science and Commerce streams available in the College. He also told that it has been observed that class X Commerce passed students are generally not able to fare so well in ISC Commerce as the Science stream students. Considering the significance of the basic knowledge of Science and Math for higher academics as well as professional achievements, the college is going to offer one single stream of Science from 2018. As far as, this coming session of 2018 is concerned, the students will have the option of Math with Commerce. The particular stream will be assigned to each one on the basis of his marks obtained plus his choice as well.

Towards conclusion, Counsellor Ms. Nisar Fatima advised them that it is the right time to think about their future prospects. Their choice of subjects and streams should be in accordance to their own aptitude and interest, and not an agreement with their friend's choice.

JIGYASA- ‘BE A SCIENTIST’

A group of 20 Science students from Classes IX to XII attended the programme Jigyasa-‘Be a Scientist’ at (CSIR) Indian Institute of Toxicology Research (IITR). Many reputed schools of Lucknow as well as of other cities were also present. The experience was amazing, what the students had only read in their text books was in front of their eyes. First of all, the Director of the Institution motivated the students to develop scientific skills and practical knowledge instead of scoring marks in the exams by mugging up the text given in the books. The students visited different labs in which they gained knowledge about different microscopes including electron microscope and microscopic structures, paramecium, etc. They observed the mutation in Drosophila (Fruit fly) and learnt about adulteration in food, honey, mustard oil and veggies. They also tested milk samples adulterated with boric acid, starch and detergents. They watched the double helical structure of DNA on the computer and extracted DNA of E. Coli in the lab. They also learned how to find the pH of a solution. In the end students received participation certificates and teachers a token of courtesy from CSIR. Overall, it was a good learning experience.

WINTER WARDSHIP FOR SLUM DWELLERS

Just ahead of the freezing weather, Unity College visited the slum at Kudiya Ghat, near Husainabad on 22nd of December, 2017, with an aim to help the poor protect themselves from the cold winter. As class XI (Humanities) students along with the College counsellor Ms. Nisar Fatima reached the place, they were shocked to see the penury and the problems. They talked to them and listened to their woes. They distributed old warm, woollen clothes to the young and the adults-a kind service to the hapless humanity. Unity College practises it religiously every year in winters with a far sighted vision to imbibe human values and compassion for the down-trodden in students.

VISIT TO THE EXHIBITION AT THE CHHOTA IMAMBARA

On 19th February, 2018, a group of Secondary and Senior Secondary students of Unity College visited the Exhibition at Chhota Imambara, Lucknow. Maulana Md. Mian Abidi and Maulana Md. Abdul Taqi Abidi addressed the students and told that Bibi Fatima Zehra (S.A.) is the only lady till date who has been an ideal daughter, sister, wife and mother. He exhorted them to follow her perfect, blissful life and imbibe those values in their lives. They also explained the concept of feminism in Islam. A woman though created physically weak enjoys the same respectful place in the society as a man. It was followed by an oath to follow the indelible, sacred footprints of Bibi Fatima (S.A.)

Later, a quiz based on the life sketch of Bibi Fatima (S.A.) was conducted. All the students zealously participated in the written round of objective questions.

The visit proved very educative as the students were keen to know about the great lady and to imbibe moral virtues in them.

CONFIDENT ME

'Confident Me', the body confidence programme by Dove Self-Esteem Project was conducted on 20th July, 2017 with an aim to awaken the students against the blind race of beauty and fashion. Ms. Sharmishtha and her team addressed the students of class VI to VIII and said that beauty is a source of confidence, not anxiety. Young people should not compare themselves with images of people on media. Instead, they should imbibe the good traits of celebrities and groom their own personalities to reach their full potential in life. The workshop was a source in boosting the young students' mental and physical health to be successful in school and the life ahead.

MOTIVATIONAL TALK

Unity College regularly invites successful personalities to interact with the students with a belief 'The company of successful men beacons the path of success'. In compliance to this motivational agenda, on 22nd July, 2017, Mr. Shadab Husain, receptionist-cum-counsellor at KGMU, Lucknow addressed the students. It was organized on the Islamic belief that “Cleanliness is a part of Imaan” and so the students of Class XI and XII actively participated in the holy campaign. This activity is a part of social service that Unity students believe in.

VISIT OF MAULANA ZAKI BAQRI

On 18th October, 2017, Maulana Zaki Baqri from Canada addressed the students. He began his lecture with a genuine question- “Who is controlling your life?” The unanimous reply was “Allah”. But he dispelled the illusion by revealing that actually some negative aspects (materialistic perspectives) are controlling us. He said all religions teach us not to fight or do wrong, then what is unique in the teachings of the Quran? It teaches ‘Taqwa’ which means to live a life as per the commands of God. The day we make Allah our controller, we will not lose anything. He also quoted a famous American writer who has written that the Prophet (PBUH) is the most successful of all the men on earth. He started teaching Islam with a handful of followers and now there are 1.8 billion Muslims in the world population of 7.6 billion. Not a single second passes when the Muazzin doesn’t give the Azaan. He exhorted the students to offer Namaz punctually and also on time. They should recite 10 aayats with translation every day. It will surely change their perspective which will have a constructive influence

EXTRAMARKS SEMINAR

Unity Counsellor Ms. Nisar Fatima and Teacher Ms. Rana Hasan attended the ‘Total Learning Summit’ organised by Extramarks. on their actions. And they should adopt positive energies and repel negative ones. They should develop time management skills primarily and organize themselves accordingly. They should always be truthful and honest. He concluded his lecture stressing that the Quran is not the book only for Muslims but for the entire humanity. It is we who have to change ourselves as per the teachings of the Quran and the humanitarian attitude. It was followed by an interactive session. Answering a question on women empowerment, he said it is only a hollow slogan. In fact, it drags the woman out of her dignity. God has given equal rights to men and women. We should learn to follow the Quran. The session ended with deep enlightenment and noble resolutions.

MAJOR ANWAR RAZA

On 14th November, Major Anwar Raza addressed the students. He is an ex-student of Unity College of 2003 batch. Sharing his success ladder, he told that he belonged to old Lucknow where there was not a single 'Grade A' Officer or any army man for live motivation in his time. Thus lack of inspiration, exposure and guidance had left many among his peer group behind in spite of being much more capable than him. He compared the career options with the dungeon of the Bara-Imambara. In case, you have entered the wrong door, by the time you come out, it will be too late to pursue the career you dreamt of. He exhorted them to dream big, be focused and persevere. He further abreast them with the two categories of entry into the Indian Army - Permanent and Short Service, and also the date of the latest entrance test. In addition, he told that the students from the Commerce stream too can pursue a career in Defence. Besides, Defence is not the only career option, they should choose their stream according to their aptitude and then be focused and selective. Moreover, being meritorious is also not the parameter of cracking competitions and getting into the right career. With an average percentage scored too they can carve a niche for themselves in the 'A Grade' services. The session had a deep impact on the students as the speaker belonged to their own rung: one from their own locality and of their own college, and now an ace-achiever.

HOPE INITIATIVE

On 23rd November 2017, students of class IX participated in the Quiz organized by Hope Initiatives and conducted by expert Ms. Reshma. The students were teamed in pairs. The challenge of questions screened on the PPT were answered enthusiastically. The excitement was no less as they vied with their counterparts to clinch the winner's title.

TIMES NIE PROGRAMMES

A student's first choice, the Times NIE extends a whole new world of knowledge and information with opportunities by way of competitions and interactive education styles to help discover a versatile set of skills in students and to appreciate them too.

On 22nd August, 2017, the Times NIE organized an educational workshop on productive uses of Nuclear Energy for the Secondary Section students. Students were treated with the informative film 'Budhiya' to apprise them that nuclear power is not a synonym for the atomic bomb but a source of incredible energy for immense peaceful applications and splendid productions. The workshop was a success as the students enjoyed the movie as well as gained valuable knowledge.

On 22nd of August, 2017, 15 students of the College marked their enthusiastic participation in the 'Heroes of Tomorrow'- Innovation Contest and Experimental Workshop. It was organized by Times NIE in association with BML Munjal University at Paryatan Bhawan, Gomti Nagar with an aim to help transform the academic sphere in India by encouraging school students to think innovatively and to bring their ideas alive. Unity fielded two teams of classes XI and XII who presented the 'Rover 8MV' model as a rescue operation machine with a spy camera and a 'Replantation' model as a great idea for afforestation respectively. Though they couldn't clinch any prize, their working models were appreciated at large, especially the Rover. They attended the workshop too. Overall, it was a great learning as well as innovative experience.

Times Spark Scholarship Programme has been another attraction to inculcate good reading habits among school children of classes IX to XII. Around 40% of Unity students registered themselves for the online test and interview to be held in December, 2017. The course covered the published engaging articles across a range of fields like Current Affairs, Science and Technology, Sports, Politics, Social Issues, Global Developments, etc.

On 7th October, 2017, a Self-Defence Training programme was conducted by the Red Brigade Lucknow in coordination with Times NIE. The occasion was very special as Unity became the 50th school of their mission '100 Days – 100 Schools – Safe Women – Safe Lucknow.' The girl students from classes IX to XII attended the workshop. They were very enthusiastic to learn how to confront assaults on their modesty. The Chief Guest Ms. Priti M. Shah, a renowned media professional, exhorted the students never to be silent when anything unpleasant happens with them and to be financially self-dependent always. Also present on the occasion were RJs Bhaumik and Tripti from Radio Mirchi along with the Red Brigade leader Ms. Usha Vishwakarma and her team. At the onset of the training, Mr. Satyavrat Singh interacted with the students-Why is there a need for self-defence training? In times of need, no outsider, not even the police can help the victim, only she herself can do so. The police and the law are the secondary help in most of the cases. Hence, the first crucial question is how to save oneself from such untoward incidents. He also showed some video clippings presenting their field work and their teachings. The brave hearts trained the students in self-defence techniques. Besides live demonstrations, a few volunteer students were given a chance to bout with the cadets and learn defensive as well as offensive moves. Comprehending the significance of such a unique, special training, the students expressed their sincere concern to learn each and every move. They were even eager to receive a formal training in self-defence. The session culminated on a valiant resolution- *"Never to be a victim, nor to see anyone becoming a victim."*

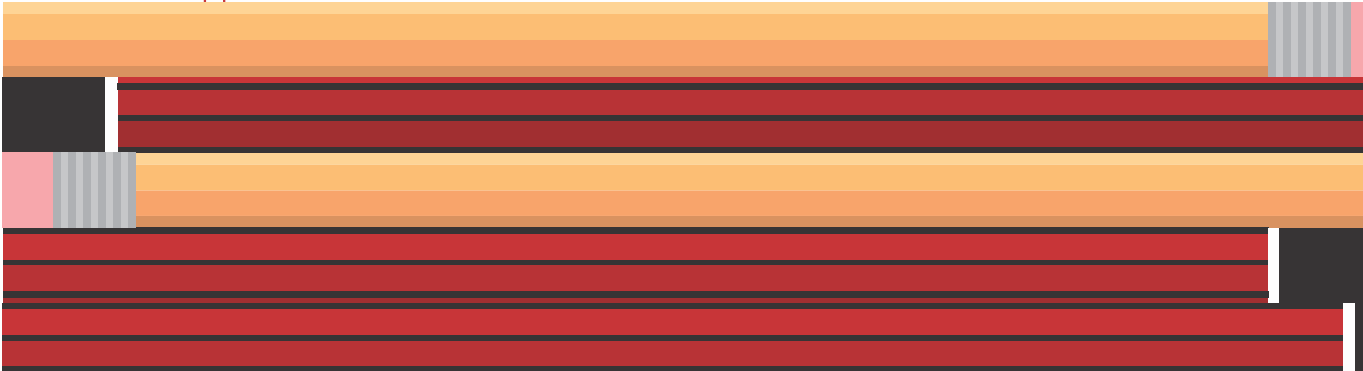

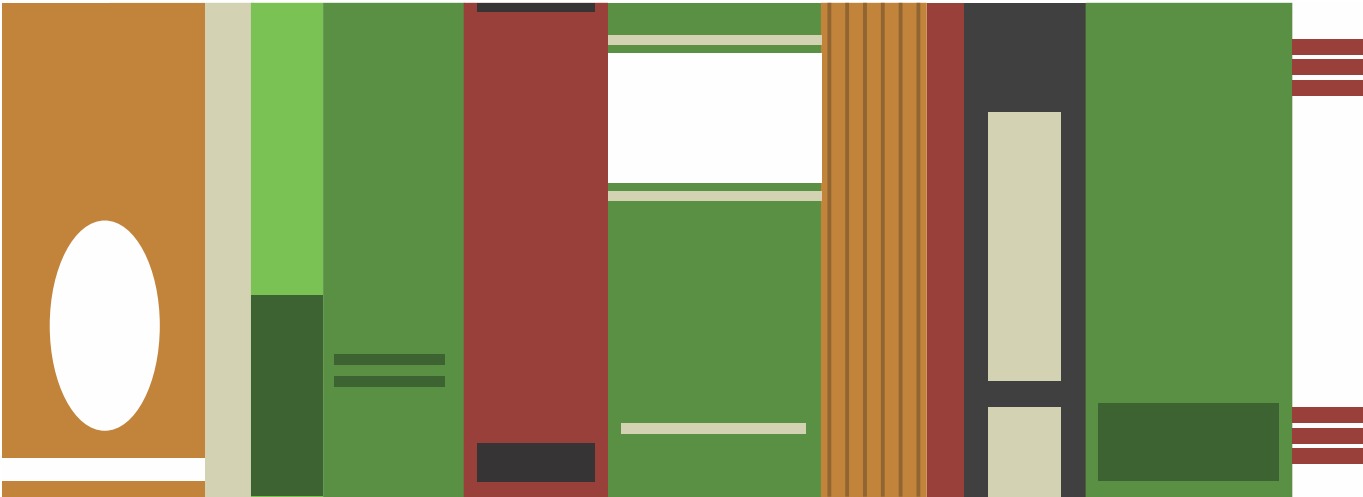

Areeba Fatima and Mohd Wasi of the Senior Secondary Wing with their Teacher Co-ordinator Ms. Mahlaqua Siddiqui attended the Newsmakers Meet 2017 organized by the Times of India NIE at the Women Power Line 1090 Office on 31st October. Students of over 20 city schools interacted with IG Anti-Terror Squad, Asim Arum on terrorism in India, its changing face and the new technical challenges. He advised the students

not to get influenced by inflammatory videos and destructive online activities and to make intelligent use of cyberspace. The interactive session was joined by IG, Women Power Line, Navneet Sekora, who asked the girls to raise their voice against injustice. Post the Meet, the students walked through the area learning how the helpline works. There the students and teachers expressed their views on women empowerment in writing. What is remarkable here was the NIE edition of 2nd November reporting this event. The article written by Areeba Fatima and Ms. Siddiqui found a place in its esteemed columns. The meet had an inspiring influence on the students to be aware and active and contribute positively.

On 9th November, 2017, Wafi Zehra and Arsh Ali of class XI B ventured to vie with other city schools in the arena of Times Fundamental Quiz. Though they could not qualify the preliminary round, the experience was itself enriching. Principal Mr. Francis Castelino on behalf of the students expressed profound gratitude to the Times NIE for providing a wide horizon of knowledge ranging from Entertainment to Advanced Science and Technology and from the Creative to Academic arena.

SCHOOL LIFE

WASIYA FATIMA VIII-B

I start my day in a lovely way,
Thanking God for giving me everything I want.
While making my breakfast, mother said,
“Quickly do your work, otherwise you’ll get late”.
Doing work in a manner,
This is what I hate.
After getting ready for school,
I passed by a pool,
Which reminds me of a man,
Who seemed to be a fool.
Entering the temple of education,
I forget all my tensions.
Talking to my friends,
Is a way to know all the latest trends.
The teachers begin their teaching,
Children initiate their learning.
All the friends and buddies
Begin focusing on studies.
At lunch time we get hungry,
The bell rings and we get free.
Students open their lunch boxes,
And seem to be greedy foxes.
Focusing on studies again,
We hope for something to gain.
Adding new things to our brain,
Is like adding a thing to a chain.

Times up! We get freedom,
From the books, from the copies and madam,
All say good bye with a promise,
To come again and accomplish.

A CIRCLE OF FRIENDS

RABAB FATIMA VII A

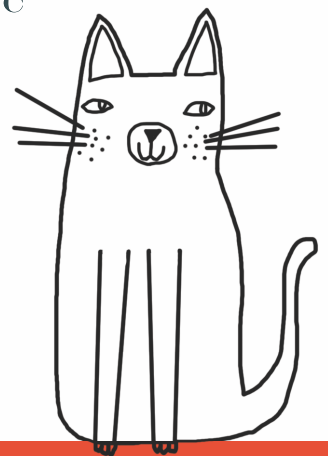

I can talk with a friend,
walk with a friend,
and share my umbrella in the rain.
I can play with a friend,
stay with a friend,
learn with a friend,
and explain.
I can eat with a friend,
compete with a friend,
and even sometimes disagree.
I can ride with a friend,
and take pride with a friend.
A friend can mean so much to me!

I had a box of crayons,
All shiny, straight and new.
I lent a friend one crayon,
And oops it broke into two!
My friend said she was sorry,
But I said “I don’t care,
Cause now we both can color
with one crayon each,
Now we both can share!”

MY FAVOURITE PET

KAINAT FATIMA I C

My favourite pet is a cat.
My pet runs very fast.
Its name is Pussy.
My pet is always happy.

IT'S PICNIC TIME!

KAVAL RIZVI III A

This year we school children went for a picnic to the zoo with our respective teachers. We boarded the bus at around 10:00 am in the morning. I and my friends were highly excited about the trip and showed eagerness to reach the zoo as early as possible. We went singing in the bus and at last reached the zoo gate. At the zoo garden inside, all the children sat together in class-wise circles. We enjoyed eating our delicious lunch and shared it with each other. After some eating and playing, all of us were given a ride in the train, which passed the dens and cages of the wild animals. We saw different animals like tigers, crocodiles, zebras, giraffes, deer and stags. My friend Simra told me that the name of the giraffe at the zoo was 'Anubhav'. All of us were happy to see the animals and had a gala time in the train. Different birds

like cranes, emu, ducks and white peacock were also seen at the zoo. For me the most interesting animal was the 'Hookoo Monkey'. He even ate a banana from my hand.

After all the fun, the children were brought all together under the trees to take some rest. Then our teachers told us to board the bus, for it was time to go back. I really felt sad, because I didn't wish to go back, but at the same time was happy, since it had been one of the most enjoyable day of my life. On reaching school, we were given a home-work to draw pictures of animals, we liked the most at the zoo.

TO MY BEST FRIEND

MEEZANE ZEHRA II A

Thank you, you helped me in difficult times.
Thank you, you hugged me when I needed it the most.
Thank you, you were here with me when everyone else had left.
Thank you, you helped me to find out, Who I really am.
Please, just stay the way you are.
I love you, my Best Friend.

WHY MOM AND DAD ARE THE GREATEST?

INSIYA FATIMA II B

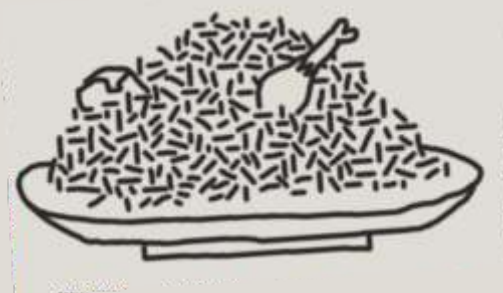

My mom and dad are the greatest for me because they understand my feelings. When I am sad my mom and dad help me. They are my body guards. My mom and dad are the most important to me. My mom is a house wife. She helps us in many things like: Studies, homework, craft, etc. I love my mom and dad very much.

MY PARENTS

TAFSEER FATIMA I C

But they would do anything
To try and give me what I want,
And for that,
I am forever grateful.

LOVE FOR ME IS A PLATE OF BIRYANI!

MOHD KUMAIL III A

The Lakhnavi biryani is one of my favourite foods. There is not a single day, when I do not think about biryani. Among our favourite eating joints of biryani is the very famous one of Idrees. Either I go there and eat or my father gets a plate packed for me from there. At times I become so greedy for biryani, that if I smell biryani in the neighbourhood, I go there asking for a plate. Now everybody in my colony knows that Kumail loves biryani. The best times of the year for me are the months of Rajab and Ramzaan and festivals of Eid and Bakri Eid. During such occasions a lot of biryani is cooked in my house. The best part of eating biryani is munching the tender and juicy chicken pieces. I love to eat biryani along with mint raita.

So friends, if you ever wish to come and meet me, come with a plate of biryani!

MEET MY G.I JOE!

MOHD.GHAZI III A

I have many toys at home. They are a great source of entertainment on rainy days and also during my summer vacations.

My favorite toy is G.I Joe. It is a warrior, who has got many weapons. There are two teams of G.I Joes. One is the good team, whose leader is Red Hawk. He wears a red colour dress, with many weapons like a knife, bomb and a gun. The other one is the bad team, whose leader is Cobra Commander. Cobra Commander wears a blue dress, silver helmet and carries a laser gun, a pen knife and bombs. I prepare the battlefields with the tanks and helicopters. There are a number of warriors in each team. Red Hawk has twenty-eight brave soldiers to attack the Cobra Commander's team. He has a

captain named Karate Master. The evil team has fifty cruel soldiers to satisfy their evil desires. Cobra Commander also has a captain named Snacky. Once I make the leaders ready with their weapons, then they fight.

The good one always wins to show the victory of good over evil. I enjoy playing with G.I Joes very much.

PROMISE OF LIFE

MARIYAM FATIMA VI B

Sometimes, I sit and wonder,
What life in the world would be,
Without the one who gave birth to me.
Here I am sitting below a tree,
To look back at the moments,
She has fussed over me.
She taught me,
She fed me,
She loved me.
She made me the person everyone wants to be.
Looking back, now I know,
to have been such a sorrow.
I wish I'd be as good as her...
I'll do something for her to be known by my name.
But this is not a piece of cake,
For this is not a game...
I want to be like her,
I know I'm not half as good as her.
Now it's my time, it's my day to pay...
Just because you have made me like that.
I can say,
Now you sit and I'll do it.
I promise I will support,
I will help, that's my goal.
I promise I will be a nice soul, which is what I'll do.
I'll help you that's all I can do...
Now here I am, on my way,
To home and to my goal.

OUR PARENTS

MOHD ZAID GHAZI II A

We have many things in our life which God has given us. God has granted us so many wonderful things in our life. Among those wonderful things, the best are our parents. Parents are the most precious and valuable gift that God has given us. All the parents in this world are very special to their children because they are the ones who take care of them, fulfill all their wishes, teach them to be disciplined and show them the right path in their life which helps them to become good human beings. They are always with us in our problems and help us to solve them also. And I would like to say that they are the friends who never lie to us, and they are the teachers who teach us the important lessons of our life, so we should always respect and obey them.

We all should love our parents very much.

REALITY OF LIFE

MIDHAT ZEHRRA VIII C

Easy is to judge the mistakes of others, but
Difficult is to recognize our own mistakes.

Easy is to hurt someone who loves you, but
Difficult is to heal the wound.

Easy is to set rules, but
Difficult is to follow them.

Easy is to say we love, but
Difficult is to show it every day.

Easy is to make mistakes, but
Difficult is to learn from them.

FAKE FRIENDSHIP

ISHU KHAN VIII A

There were two besties who were living in the same town. These girls were best friends since their childhood. Tara used to love her friends a lot, specially her best friend Zoya. Tara was not only smart but also a sincere girl too. She used to score the highest marks in all exams. On the other hand, Zoya was not as smart as Tara, and because of this sometimes she used to get jealous of her. Tara was a middle class girl who tried all her best for the future.

They passed from one class to the other and now they both were studying in a university. One day, Tara's father died in an accident. She was extremely upset, "How will I study now?" Tara's mother said, "There's no money left at all. I have done some savings for your marriage. Leave your studies and get married as early as you can." Tara said nothing, but ran out of the house. She went to a park and sat on a bench. "Is this the life of a girl? I'll do something for my future," thought Tara. At that time Zoya came there and said, "I heard about your father's death. It's very sad. But what are you doing here?" To which Tara replied, "Will you please help me? I really don't have enough money to continue my studies, but if I pass this exam I will get a government job." "Don't worry I'll help you. You just study at home and I'll pay your exam fee," said Zoya. Tara became happy and they both went back to their homes.

Time was passing fast and Tara was studying hard. The exam day came and Tara met Zoya before the exam was about to start. Before Tara could speak, Zoya said, "I have paid my exam fee and I hope you have also paid yours?"

Tara was shocked to know that her friend had lied to her. She said "Yes, I have paid." She was totally broken from inside because her best friend had shown her true colours. She quickly went home and took out all her savings, and asked her mother to arrange for the rest of the amount. Anyhow, she submitted her fee and went to the examination hall. She fared very well in the exams. After a month, when the results were declared, Tara had topped the college. She started crying out of happiness. She got honoured with 1 lakh rupees, medals and certificates, and not only this, she got a government job too. Everyone asked Tara to say a few words at the occasion. She just said, "The true colours of a person can only be seen in difficult times."

SOME UNKNOWN FACTS ABOUT EARTH

FATIMA NAQVI VI A

There are not 24 hours in a Day.

People often claim there aren’t enough hours in the day and they’re right- not even 24. That’s right, the actual time it takes the planet to rotate on its axis is 23 hours 56 minutes and 3 seconds. This is what’s called a sidereal day.

A year on Earth isn’t 365 days. The true length of a year on Earth is 365.2422 days, or about 365.25 days. That extra fraction is critical; it adds up. Every year, our calendar is off by about a quarter of a day. After one year the calendar is off by $\frac{1}{4}$ of a day. After two years it’s a half day off, then $\frac{3}{4}$, then, after four years, the calendar is off by roughly a whole day. So after four years the calendar is *behind* by a day. The Earth has spun one extra time over those four years, and we need to make up for that. So, to balance out the calendar again we add that day back once every four years. February is the shortest month, so we stick the day there, call it Feb. 29—leap day—and everyone is happy.

WINNERS AND LOSERS

INNAMA JAFRI VI B

Winners are a part of the answer,
Losers are a part of the problem.
Winners say that it may be difficult,
but possible.

Losers say that it may be possible,
but too difficult.

Winners see possibilities,
Losers see problems.
Winners see the gains,
Losers see pains.

THE NARROW ESCAPE

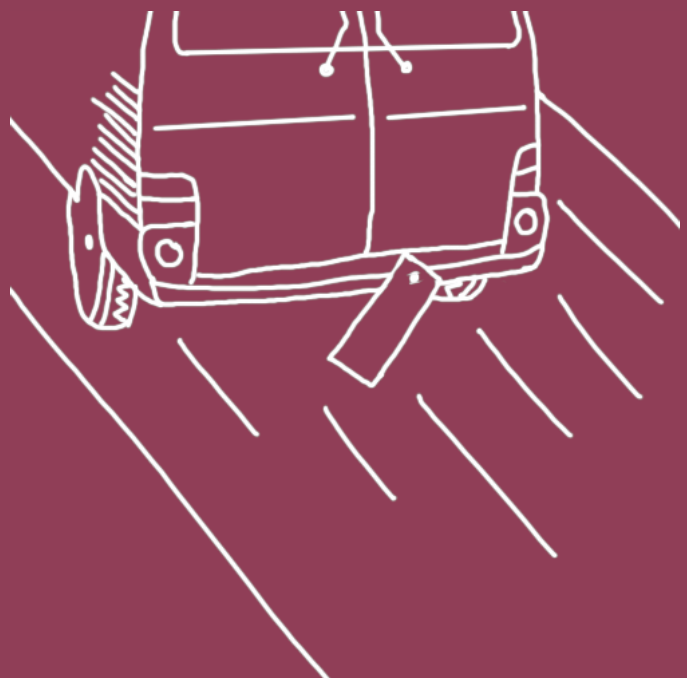

SYED ARSH ALI XI B

The evening was dark and quiet. I was alone at home, reading a novel. My parents had gone out to attend a marriage party. A sudden loud scream startled me. It came from outside, the threshold of my house. I knew the voice. It was of my younger brother Anshul's. He had gone out to play with his neighbourhood friends. I was reluctant to send him out on the dark evening, but when he persisted, I couldn't refuse. And now what had happened that he shrieked so loud? I rushed to the door. As I came out, I was stunned to see my brother wriggling to get free from the clutches of four men. Their faces were masked with black veils. I could not see their faces. They had thrust a cloth into my brother's mouth. He was helplessly struggling to get free. Without giving a second thought I just pounced on them. But it was an unmatched counter-one boy's strength against four stout men's. As it was late evening time, the road was deserted too. Not a single passer-by was seen who could come for my help. Still I tried with all my strength and succeeded in pushing them against an electric pole. They all fell down. I was just about to take Anshul with me, that one of them suddenly attacked me and snatched Anshul from me. I fell down, my head hit a stone and blood gushed out from my forehead. Yet I did not lose my courage. I rose again to strike with full force. Again I was pushed back vehemently. This time the force was too strong to keep my legs steady. I bumped against a shop. Its shutter was corroded. No sooner had I struck the rusted shutter that it broke away and I was thrust into the shop. It was luck in disguise that it was a paint shop. As I collided with the racks, several paint boxes kept on the upper shelf started falling down, and one of the lids broke open. Now it was too late. The miscreants had already got into a van. My eyes fell on its rear

part. I noticed the number plate was blank. It was broken too and hanging on one bolt. I was out of wits. Just then, an idea occurred to me. I picked up the opened paint box and hooked it on the number plate which was swinging. Taking advantage of my weakness and fatigue, they carried off my brother in their van, and zipped past me, but could not know what I had done and about my plan. As the van was moving forward, the paint was dripping on the road.

I gathered all my strength and hurried to the police station. I told them the entire matter. The police jeep followed the paint drops and soon the police nabbed the kidnappers. I took a sigh of relief to see my brother safe.

As soon as my parents returned, they were overwhelmed to hear of my bravery and the narrow escape of my brother. They hugged us, cuddled and kissed us. The police complemented my daring deed and honoured me with the Bravery Award.

YESTERDAY, TODAY & TOMORROW

S. KISA FATIMA VIII B

There are two days in every week about which we should not worry.
Two days which should be kept free from fear and apprehension.
One is 'Yesterday' with its mistakes and cares,
Its faults and blunders, its aches and pains.
Yesterday has passed forever beyond our control.
All the money in the world cannot bring back 'Yesterday'. It has gone.
We cannot undo a single act we performed.
We cannot erase a single word we said.
The other day we should not worry about is 'Tomorrow'.
With its possible adversities, its burdens,
Its large promise and poor performance.
Tomorrow is also beyond our immediate control
Tomorrow the sun will rise, either in splendor or
Behind a mask of clouds, but it will rise.
Until it does, we have no stake in Tomorrow, for it is yet unborn.
Any person can fight the battles of just one day. It is only when
You and I add the burdens of those two awful charities-
Yesterday and Tomorrow that we break down.
LET US
Therefore live, but one day at a time.

STUDENT LIFE IS A GOLDEN LIFE

TAZEEN ZEHRA IX C

It is said that “A Student’s life is a golden life”, because this phase is the most important part of human life. It is the period of pure joy and happiness, because the mind of a student is free from cares and worries of a grown-up’s life.

In this period, the character of man is built. So, it is called the formative period of life. Every student should try his best to make the best use of this age. The primary duty of a student is to learn and to acquire knowledge. He must do all his work at the right moment and maintain punctuality and discipline. He must remember that if a student becomes successful, his career and character is built on a sound base, he will be able to shine in any sphere of life and serve his society and country.

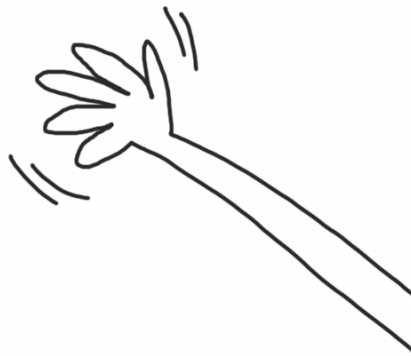

A student should spend most of his time of this golden period in reading and learning. A good student should never waste his time fixed for reading, uselessly. But he must not also be a book worm being always engaged in his studies. He should also be careful about his health and spend some time daily in some sports and games. He should try to develop his body and mind at the same time.

Students are the future hope of a country. Thus, every student should try to be the best citizen in all respect. So that, he may serve his country in the best manner.

FAREWELL CRY

AREEBA FATIMA XII C

Let me be the toddler of pre-school,
Who always cried when dragged to school.
Let me be the star performer of junior school,
Who wanted her missing pen to make stars in her world.
Let me be the dreamer of middle school,
Who loved and enjoyed her adolescence much.
Let me be the cool girl of high school,
Who wanted to be flawless and popular.
Let me be a part of this school again
But now I am leaving and crying again.

HELLO

TAZEEN ZEHRA IX C

Roses are red,
Violets are blue,
Monkeys like you,
Belong to the zoo.

But don’t be afraid,
I’ll be there too,
Not in the cage,
But laughing at you.

I’m only joking,
I’m just bored,
I just wanted to,
Say “hello” to you.

So enjoy this poem,
That I composed for you,
Hope it makes you smile,
and helps us enjoy our day too!

OUR HOMELAND – INDIA

FIZZA RIZVI VIII C

Our's is a land of sages,
Known for bravery for ages.

NEW FRIENDS AND OLD FRIENDS

KASHISH FATIMA IX C

Make new friends, but keep the old,
Those are silver, these are gold.
New-made friendship is like new
wine,
Age will mellow and refine.
Friendships that have stood the test-
Time and change, are surely the best.
Brow may wrinkle, hair grow grey,
Friendship never knows decay.
Old friends tried and true,
Once more our youth renew. But
Old friends, alas! May die,
New friends must their place supply.
Cherish friendship in your chest,
New is good, but old is best.
Make new friends, but keep the old.
Those are silver, these are gold.

GHOST

ANSAF JAVED IX C

They said the house was haunted, but
He laughed at them and said, Tut, Tut!
I've never heard such tittle-tattle,
As ghosts that groan and chains that rattle;
And just to prove I'm in the right,
Please leave me here to spend the night!
They left him just as dusk was falling,
With the hunchback moon and screech owls calling.
But what is that? Outside it seemed,
As if chains rattled, someone screamed!
Come, come, it's merely nerves, he's certain,
But just the same, he draws the curtain.
The stroke of twelve-but there's no clock!
He shuts the door and turns the lock.
Of course, he knows that no one's there,
But no harm's done by taking care!
Someone's outside the silly joker,
He may as well pick-up the poker!
That noise again! He checks the doors,
Shutters and windows, makes a pause,
To seek the safest place to hide;
The cupboard's strong, he creeps inside.
Not that there's anything to fear!
He tells himself, when at his ear,
A voice breathes softly, "How do you do!"
I am ghost. Prey, who are you?"

SUPERSTITIONS

SYED QAIS ABBAS IX B

Today we have learnt the scientific explanations for many natural events. But we are yet not free from the chains of superstitions. If somebody sneezes, we take it as a sign of something unfavourable. If we are going somewhere and a cat walks across the road, we become upset. We lose our confidence. We begin to pray to God for a safe journey. Thus, we are always afraid of unseen forces.

Superstitions have a demoralizing effect on our life. It ends our self-confidence. We cannot think in a reasonable way. All our thinking power is paralyzed under the influence of unknown fears. We consult pundits, astrologers and others for help. We utter mantras to ward off evil forces. We are disturbed

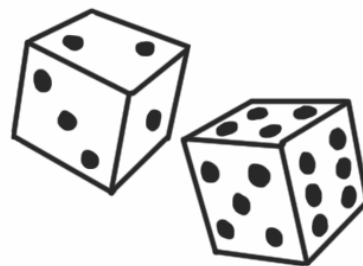

because of the fear of the unknown. We may not do all this knowingly. The unknown fear hangs over us and we cannot get rid of it easily.

The only cure for superstitions is education and developing our reasoning power. We should try to analyze things in logical ways.

LIFE

KISA RIZVI VII A

Life is a definite goal, surely to be achieved,
Life is never a burden, which is to be handled,
Life is a tough struggle, as the elders say,
Life is no joke, to be laughed away,
Life is a contest, to be won for sure,
Life is no disease, so hard to cure,
Life is a journey, comfortable to be made,
Life is no sure gamble, which is to be played.

YOU, MY FRIEND

FAHIMA KHAN IX A

There's something in your voice,
that makes it all alright...

Something in your smile,
that gets me through the night...

A comfort in your grin,
that helps my day pass by...

A twinkle in your eyes,
that lights my darkened sky...

Your appearance says, "Don't Worry",
Your laugh, it says, "I care"...

That smile you blow when we say "Goodbye",
that says "I'm always there"...

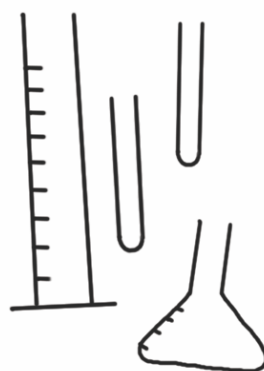

It's all these things about you,
I couldn't live without ...

It's you that makes me happy,
It's you without a doubt...

SUBJECTS

SHATAKSHI ANAND IX A

You will love the fun of subjects,
Where each one is different from the next.
Math is easy,
But the calculations make everyone busy.
Chemistry or History,
Where everything remains a mystery.
The concepts of Physics,
Are like Rapper's lyrics.
You can understand Computer,
When you have a good tutor.
You can understand Hindi,
If you are not too trendy.
You have to read stories of English,
Which are written mostly by the British. But,
If you want to excel,
You can't afford to be physical.
So you should take interest in every subject,
This will make you the best!

MY MUMMY

S.I. BUTOOL RIZVI II B

My mummy is my world,
She has a big heart,
And is always radiant,
With lots and lots and lots of love.
When I'm sick at night,
You'll find her teary eyed.
But when I am happy,
She's excited and bubbly.
My mummy, My world...
O lord! Make her way successful,
With lots and lots of good fortune.
Grant her your love,
For she is the one I love.
You are the one who
Makes my world go around
My mummy, My world...

BUTOOL IS MY NAME

BUTOOL UZMA VII A

Butool is my name,
And I like to play video games.
Everybody calls me cute,
As I am always mute.
I go to school every day,
But there are holidays in June and May.
I like to eat Kabab,
And I have friends,
Srishti and Rabab.
My favourite teacher is Ms. Arshia,
And I want to go to Persia.
The race is won fast and steady,
And for study and play, I am always ready.
Here, I end my recital,
With a kind wish to enter the Ace-Portal.

A MEMORABLE DAY OF MY LIFE.

SIMONE ZAIDI VII B

Some days are very special in our life. These special days are called memorable days. Everyone gets a chance to enjoy.

The most memorable day of my life was when I went to my village for the first time. We booked a taxi and my entire family travelled together. It was a two hour drive. We all had fun during the journey. When we reached our home we saw many beautiful flowers and trees. We also saw kittens playing in the garden, the swans swimming in the pond. There were water lilies in the pond which were looking very beautiful. In fact, it was all looking magical. Then, I went to see my grandparents, who were all very eager to see me after many years. They gave me some beautiful gifts and welcomed me with a hug. My uncle decided to take us to our fields. A

cool breeze was blowing, birds were chirping, the green fields were looking beautiful. There was a shady Neem tree under which we spread our mat and were served some delicious snacks prepared by my aunt and grandma. After enjoying the food we all decided to go for a walk around our farm. We were laughing and chatting, we also picked some vegetables, flowers and fruits on the way.

The people of the village were very hospitable, courteous and kind. They welcomed us with a smile. At 5 in the evening it was time for us to return as the taxi was waiting. It was a great day, I mean munching homemade snacks and relaxing with the family in the fields. It was the most memorable day of my life.

ACID ATTACKS IN INDIA

FATIMA KHATOON VIII C

In India, society has undergone a huge transformation in the last three decades. Women who used to stay inside the house, have now come to the fore front. They have consolidated their position by means of education. They are active in every sphere of life - be it at home or their work place. But, sad to say, even though the women of today are liberated they are facing problems in society. They are physically liberated but not liberated in the minds of men who make them targets of stalking, eve teasing, sexual abuse and acid attacks.

Acid attacks now-a-days are one of the most violent crimes against women. Around thousands of women suffer acid attacks every year in India. Incidents of acid attacks mostly occur when a woman denies to be in a relationship with a man. Some men can't handle any kind of rejection and they take revenge in the form of acid attacks. Sometimes family disputes too result in the form of acid attacks. Acid is used in day to day life for cleaning of kitchens and washrooms, etc. Thus, it is easily available in the market at a very low cost. The criminals are successful in hiding their identity by covering their faces during the crime. This is the reason why there has been tremendous increase in this crime in the recent times. The intensity of the burn depends upon what type of acid was used in the crime. Generally, the criminals use Hydrochloric, Nitric and Sulphuric acids to attack. These acids cause

severe burning of the face and even the bones melt. If acid enters the eyes or ears of the victim, she loses her eyesight and ability to hear. The victims need sessions of plastic surgery to look normal and each session costs 10-15 lakhs which is not possible for every victim to afford. Survivors face severe social, physical and emotional torture. The pain they go through is impossible to imagine.

SUBJECT PHOBIA

INSIA ABBAS &
KAINAT FATIMA VIII C

It's every student's woe,
How many subjects one ought to know?

History is about kings and events, so old,
In the examination it makes us cold.

Mathematics is so very tough,
It usually makes us cough.

Hindi is our mother-tongue,
Yet we all want to bunk.

English Literature, we should read and read,
If we don't, later on help we shall need and need.

GK is good for knowledge,
But for it there's no college.

Physics, Chemistry need deep understanding,
In which many students are lacking.

Geography of the world drives us crazy,
To make diagrams and fill up maps, we feel lazy.

MY PARENTS- MY REAL GEMS!

MARIYAM RIZVI V C

Our parents are the most precious gift from God to us. I am so thankful to Allah for gifting me with these two valuable gems- my Ammi and Abbu. I get all kind of love and affection from my parents. Not a single wish of mine goes unfulfilled, when they come to know about it. My parents are my friends before and then my guardians. They give me all the comforts and joys of my life. My Ammi and Abbu believe in simple living and high thinking.

My mother takes care of me at home. Her first job in the morning is to wake me up on time for my morning prayers. After that she hurriedly prepares my breakfast and packs my tiffin for school. My Ammi makes sure that I do not leave the house, without taking her blessings. My Abbu is the sweetest person on this earth. He takes care of all my demands. While dropping me to school on the way, he always buys some sweet for me. In the evening he helps me with my studies too. My parents do all the possible things to keep me happy. They believe in the development of personality through good habits and good character.

MY FUTURE AS A DOCTOR

WAQAR FATIMA V C

A doctor is the most important member of our society. People look up to a doctor, with the hope of getting their illnesses cured and living a healthy life. With this hope, I aim to become a doctor in future. My life as a doctor will be very busy. The best part of being a doctor is to wear that sparkling white coat. People give you a lot of respect, when you wear that coat. Since I'll be a dedicated doctor, I'll have no time to rest. I will attend to the problems of my patients day and night and try to advise them the best possible cure.

As a doctor, my field of specialization would be surgery, so I see myself as a hard-working surgeon. As the field of Medical Science advances, different and new challenges will come up. I will accept all

those challenges happily and start working on them. Later in life, then one day I dream to open a hospital for the poor and needy in the village. My hospital will provide the villagers with free medicines and regular health check-ups. The name of my hospital will be 'Sanjeevani'. I'll have my own room with my nameplate- Dr. Waqar Fatima. With a smiling face, I'll perform my duties well as a doctor. My foremost goal would be to provide good health and happiness to my patients.

MY DEAR GRANDMA

LAZEENA SHAHNAWAZ III A

An ideal family is a happy one. It is the gift of God and reason of our success and prosperity. My family is a happy family. In my family, my grandmother is the sweetest person on this earth. I fondly call her 'Nanna'. My grandma is fair complexioned and a simple, healthy, old woman.

She wears glasses and always dresses up in neat and well-ironed clothes. She is an educated woman and helps me in my studies. She is a very kind, loving, caring and gentle lady. She helps the poor and needy and is very popular among her neighbours. Most of my time is spent with her. She shares her childhood experiences, by telling me and my brother interesting stories at night. I sleep with her and she wakes me up early in the morning. She helps me get ready for school. I am very attached to her and respect her a lot. My parents always take her advice in every family matter. She prays for peace and happiness for our family. I always thank God for blessing me with such a nice grandma.

ALONE

SUMBUL MALIK IX A

The power that everyone can't handle,
It is the power of being alone.
The fearless and the fair feeling,
It is the power of being alone.
The queen of your life, the king of your type,
It is the power of being alone.
Suggestions by the conscience, actions by the hands,
It is the power of being alone.
Love by the heart, friendship to the soul,
It is the power of being alone.
Love is blind, but heart is kind
Simplicity is a straight line, that makes life fine,
It is the power of being alone.
Knowledge is conquered, ability is proved,
It is the power of being alone.

HABIBA ZAIDI XI A

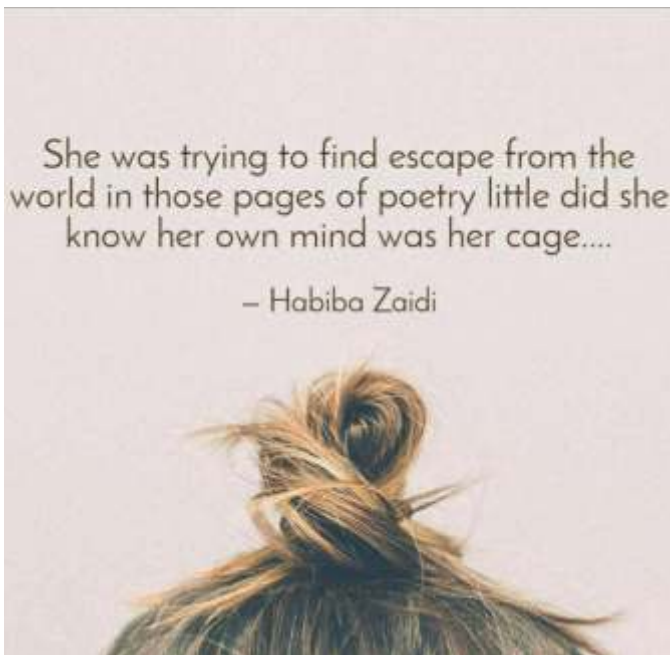

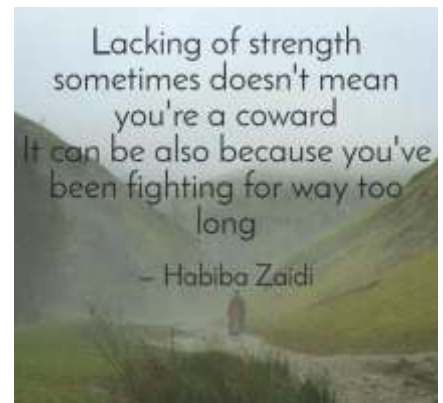

MY LOST SOUL

I was in the darkness for so long,
I was searching for the door to pass,
But it seemed like there was no exit.

Then a sweet melody was heard by my ears,
I followed it by putting aside my fears,
Lo and behold!
My face was then hit with a bright light,
It seemed I found my way out.

The melody seemed to fade away,
I hurried by speeding up my pace,
The cold wind was blowing on my face,
I saw a shadowy thing resembling me,
And recognition then dawned upon me.

There standing on the knoll,
Was singing and dancing my lost soul.

“यदि मैं करोड़पति होती”

यदि मैं करोड़पति होती तो मैं गरीबों को उनके अपने घर देती और घर में शौचालय भी होता और गाँव-गाँव जाकर शौचालय भी बनवाती। गाँव और शहर में साफ़ सुंदर विद्यालय खुलवाती। उस विद्यालय का नाम सबके लिये ज्ञान का मन्दिर रखती।

चाँद

मेरा घर चाँद पर होता, मैं बहुत खुश होती।
मैं बहुत अच्छा घर बनाती।
वहाँ पाठशाला बनाती।
अपने दोस्तों को खेलने के लिये बुलाती।
वहाँ खिलौने लाती।
वहाँ पेड़ और घास लगाती।
हम चाँद पर खेल कूद करते।
चाँद अच्छा लगता।
वहाँ से मैं पूरी दुनिया को देखती,
खूब मज़े करती।

नव भारत की नारी

यह नव भारत की नारी है,
ये नया सवेरा लाएगी।
अपनी बुद्धि और साहस से,
ये अंधकार को मिटाएगी।
अब यह नारी नहीं झुकेगी।
अब यह नारी नहीं रुकेगी।
बढ़ कर आगे बतलाएगी उनको,
बेटे से समझते जो कम बेटी को।
उनके बंद नेत्रों को यह खोलकर दिखलाएगी,
यह नव भारत की नारी है,
ये नया सवेरा लाएगी।।
नारी के महत्व को तू पहचान,
ये नारी ईश्वर का है वरदान।
नारी माँ, बहन, बेटी के रूप में,
छाया प्रदान करती है जीवन की धूप में।
अपनी क्षमता से ये एक सुंदर संसार बनाएगी,
यह नव भारत की नारी है
ये नया सवेरा लाएगी।

पड़ोसी

पड़ोस में रहने वाले व्यक्ति हमारे पड़ोसी होते हैं। खुशी का अवसर हो चाहे दुख का, पड़ोसी जितने काम आते हैं, उतना दूर रहने वाले सगे-संबंधी नहीं। हमें पड़ोसियों के साथ मधुर व्यवहार करना चाहिए। आवश्यकता पड़ने पर पड़ोसियों को एक-दूसरे की मदद करनी चाहिए।

मेरे घर के सामने आब्दी जी का परिवार रहता है। आब्दी जी किसी प्राथमिक विद्यालय में अध्यापक हैं। आब्दी जी की लड़की मेरे साथ पढ़ती है। हम दोनों अच्छे मित्र हैं। मैं आब्दी जी के पास ट्यूशन पढ़ने जाती हूँ। आब्दी जी मुझे बहुत प्यार से पढ़ाते हैं। उनका हँसमुख स्वभाव पूरे मुहल्ले में प्रसिद्ध है। वे सभी के साथ बड़ी मीठी बोली में बातें करते हैं। मेरे तथा उनके परिवार के बीच खान-पान और मित्रता का नाता है।

अगर स्कूल न जाना पड़े

अगर स्कूल न जाना पड़े तो मैं बहुत खुश हो जाऊँगा।

अगर स्कूल हम लोग नहीं जायेंगे तो हमको सब लोग अनपढ़ समझेंगे।

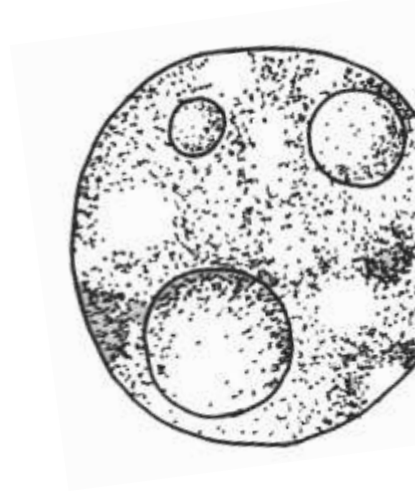

अगर स्कूल हम लोग नहीं जायेंगे तो हमें इस दुनिया में सम्मान नहीं मिलेगा।

अगर हम स्कूल नहीं जायेंगे तो हमारा कोई दोस्त नहीं होगा।

अगर हम स्कूल नहीं जायेंगे तो हम पढ़ाई नहीं कर पायेंगे।

मुझे इंसान ही रहने दो

एक बार की बात है, एक लड़की का चाँद पर जाने का सपना था। एक दिन उस लड़की का सपना पूरा हो गया। वह एक दिन चाँद पर गई। चाँद ने उस लड़की से कहा मैं तुम्हारी एक इच्छा पूरी कर सकता हूँ। लड़की ने कहा तुम मुझे चिड़िया बना दो, फिर लड़की ने कुछ सोचा, उसने चाँद से कहा रहने दो, तुम मुझे चिड़िया न बनाओ क्योंकि सब चिड़िया को पत्थर मारते हैं। चाँद ने कहा तो फिर तुम्हारी क्या इच्छा है? लड़की ने कहा, अच्छा मुझे एक गुड़िया बना दो, फिर लड़की ने सोचा और चाँद से कहा रहने दो, तुम मुझे गुड़िया न बनाओ क्योंकि गुड़िया के खराब होने पर सब उसे फेंक देते हैं और उस पर पाँव भी रखते हैं। इसी तरह दोनों लोगों में बातें होती रहीं। लड़की नाम बताती थी और मना कर देती थी। आखिर में लड़की ने कहा मुझे इंसान ही रहने दो मुझे मेरी माँ, भाई और अपनी दोस्त शीला के पास ही रहना है।

इस कहानी से हमें यह शिक्षा मिलती है कि हमें सिर्फ अपने बारे में नहीं सोचना चाहिए बल्कि दूसरों के बारे में सोचना चाहिए।

मेरी पहली विमान यात्रा

विमान में कौन बैठना नहीं चाहता। बचपन से ही मेरे मन में भी विमान में बैठने की इच्छा थी। जब भी आकाश में विमान को उड़ते देखती तो लगता कि कोई पक्षी अपना पंख फैलाए बादलों को चीरता हुआ चला जा रहा है, मैं दौड़कर उसके पीछे-पीछे जाती जब तक वह नज़रों से लुप्त न हो जाता मैं देखती रहती थी। मेरे माता-पिता को मेरी इस इच्छा के बारे में मालूम था लेकिन वह मेरी कोई मदद नहीं कर सकते थे क्योंकि मेरे माता-पिता थोड़ा अलग स्वभाव के थे, जल्दी भावनाओं में नहीं बहते थे। उनका लक्ष्य सिर्फ और सिर्फ मेरी शिक्षा थी।

मेरे सौभाग्य से मेरे पिता को कम्पनी की तरफ से विदेश जाने का अवसर प्राप्त हुआ। कम्पनी ने परिवार का वीज़ा भेजा था। मेरी खुशी का कोई ठिकाना नहीं था। मेरी बहनें भी खुश थीं। पिता जी ने हम सभी बहनों को ज़रूरी बातें समझाईं। हम लोग समय से पहले हवाई अड्डे पहुँच गए। वहाँ की सुन्दरता देखकर मुझे गर्व का अनुभव हुआ। पिता जी हम सभी को लेकर विमान की तरफ बढ़े और माताजी सुरक्षा प्रक्रिया निपटाकर आ गईं। जैसे ही विमान की घोषणा हुई, मैं अपनी उत्सुकता को छुपाए विमान में चढ़ गई। थोड़ी देर बाद विमान की परिचारिका ने ज़रूरी निर्देश दिये, फिर सीट बेल्ट बाँधने का आदेश आया। हम सब की बेल्ट पिता जी ने बाँधी फिर हम सबको झटका लगने का एहसास हुआ और मेरा दिल खुशी के मारे धक-धक करने लगा और विमान हवा में उड़ने लगा।

थोड़ी देर बाद विमान परिचारिका खाने-पीने की चीज़ें बाँटने लगी। कुछ घण्टों के बाद विमान लैंड करके रुक गया और उतरने की घोषणा होने लगी। मुझे एक नई प्रसन्नता का अनुभव हुआ जिसको शब्दों में कहना सम्भव नहीं।

मैं जल्द से जल्द हवाई अड्डे से बाहर निकलना चाहती थी जहाँ बाहर पिताजी की कम्पनी वाले प्रतीक्षा कर रहे थे। पिता जी ने उन्हें सूचित कर दिया था। मुझे अपनी पहली विमान यात्रा बेहद अच्छी लगी।

गणतंत्र दिवस

त्योहारों का मानव के जीवन में बहुत महत्व होता है। त्योहार दो प्रकार के होते हैं धार्मिक व राष्ट्रीय त्योहार। गणतंत्र दिवस हर वर्ष 26 जनवरी को मनाया जाता है। राष्ट्रीय त्योहार होने के कारण प्रत्येक भारतवासी के लिये इसका बहुत महत्व है। एक लंबे संघर्ष के बाद 15 अगस्त, 1947 को हमें आज़ादी मिली लेकिन भारत का कोई अपना संविधान नहीं था, लगभग ढाई साल में भारत को गणतंत्र बनाने के लिये संविधान का निर्माण किया गया। 26 जनवरी, 1950 को भारत में अपना संविधान लागू हुआ। उस दिन से आज तक गणतंत्र दिवस मनाया जाता है। इस दिन झंडा फहराया जाता है और परेड निकलती है जो राष्ट्रपति भवन से होती हुई लाल किले पर समाप्त होती है। शहीदों ने अपनी जान दी सिर्फ हमारे देश के लिये। शहीदों ने हमें यह शिक्षा दी है कि अगर देश पर कोई आँच आए तो हमें अपनी जान कुर्बान कर देनी होगी और हमें एक साथ मिल-जुलकर रहना चाहिए।

शिक्षा (पढ़ाई)

शिक्षा उस ज्ञान को कहते हैं जिससे हम अच्छी बातें सीख सकते हैं और अपनी ज़िन्दगी में आगे बढ़ सकते हैं। इस संसार में शिक्षा के बिना कुछ नहीं है।

हम शिक्षा के द्वारा अच्छी आदतें और अच्छी बातें सीख सकते हैं। बड़े-बड़े अफसर प्रथम स्थान पर शिक्षा के द्वारा ही आते हैं। शिक्षा के द्वारा ही हम कुछ कमा और बन सकते हैं। अगर शिक्षा न होती तो बड़े-बड़े अफसर न होते और अफसर न होते तो भारत आगे नहीं बढ़ता। शिक्षा को पढ़ाई भी कहते हैं। इस दुनिया में बहुत सारे बच्चे हैं जो ग़रीब हैं और शिक्षा को प्राप्त करना चाहते हैं, उनके पास पैसे नहीं होते, लेकिन जो बच्चे ग़रीब नहीं होते हैं वह शिक्षा में मन नहीं लगाते हैं।

हमें मन लगाकर पढ़ना चाहिए और एक अच्छा इंसान बन कर दिखाना चाहिए और अपने माता-पिता का नाम रौशन करना चाहिए। तभी हम सफल ज़िन्दगी जी सकते हैं।

तभी आ गई फुदक-फुदक कर, एक तितलियों की टोली।

भारतीय किसान

महात्मा गाँधी ने कहा था “भारत का हृदय गाँवों में बसता है।” गाँवों में ही सेवा व परिश्रम के अवतार किसान बसते हैं। ये किसान ही नगरवासियों के अन्नदाता हैं। सारे संसार के पालक हैं। गाँवों की उन्नति से ही भारत की उन्नति हो सकती है। भारतीय किसान को देखकर यह सूक्ति बरबस ही याद आ जाती है—
“सादा जीवन उच्च विचार।”

यह है देखो भारतीय किसान।”

यह कड़वा सच है कि घोर परिश्रमी और सीधा-सादा होने के बावजूद भी भारतीय किसान की जीवन दशा बड़ी ही दुःखद है। उसका सम्पूर्ण जीवन जोखिम भरा है। उसके जीवन का एकमात्र आधार कृषि है। जिसकी बड़ी ही शोचनीय दशा है। ऐसा इसलिये कि उस पर कभी न कभी कोई न कोई प्राकृतिक आपदाओं के बादल मंडराया करते हैं। उनका जन्म घोर अभाव, बेबसी, ऋण जाल में फंसा, लिपटा होता है। उनके इस प्रकार के जीवन को देखकर किसी ने ठीक ही कहा है—

हैं घास फूस की झोपड़ियाँ,
इनमें जीवन पलता है।
दिन-रात परिश्रम में पिसता,
टुकड़ों में मानव पलता है।।

विवाह जैसे पवित्र बन्धन में धन व्यय करना कहाँ तक उचित है ?

हमारे समाज में विवाह बन्धन को बहुत ही पवित्र एवम् शुभ माना जाता है और इसे बहुत ही धूम-धाम से सम्पन्न किया जाता है। विवाह समारोह में कई सप्ताह या कई महीने पहले से लोग विवाह की तैयारियों में जुट जाते हैं। सभी लोग अपनी-अपनी आवश्यकता अनुसार बहुमूल्य वस्तुयें खरीदते हैं परन्तु इन तैयारियों में वे लोग यह भूल जाते हैं कि जो धन वे खर्च कर रहे हैं, वह कितनी कठिनाई से एकत्र होता है।

विवाह समारोह में लोग ऐसा बहुत सा सामान खरीदते हैं जो विवाह या उसके कुछ समय पश्चात् व्यर्थ हो जाता है। विवाह समारोह में आकर्षण उत्पन्न करने के लिये लोग पटाखे, सजावट व खाने-पीने में इतना धन व्यय करते हैं कि उन्हें पता ही नहीं चलता कि पटाखों की तरह वह अपना धन भी नष्ट कर रहे हैं। पटाखों एवम् बैण्ड-बाजों की आवाज़ से आस-पास रहने वाले लोगों एवम् वृद्ध जनों को भी परेशानियों का सामना करना पड़ता है।

हमारा देश निरन्तर विकास कर रहा है लेकिन दहेज जैसी समस्या जैसी पहले थी, वैसी ही आज भी है। हमें अपने धन को इन सब पर न लगाकर किसी अच्छे कार्य में लगाना चाहिये जिससे एक स्वस्थ समाज का निर्माण हो और हमारा देश भी प्रगति करे।

इसलिए हमें आज से ही यह संकल्प लेना चाहिये कि परिश्रम से कमाये अपने धन को हम विवाह या अन्य समारोह में व्यय न करके समाज व देश की उन्नति में लगायें।

कहानी— संगति का प्रभाव

एक सरोवर के पास लगभग 40 हंस रहा करते थे। उस सरोवर से कुछ दूरी पर एक वृक्ष था। उस वृक्ष पर एक कौआ भी रहता था। साथ रहते-रहते कुछ हंसों की कौए से दोस्ती हो गई। एक बार पास के गाँव से एक सेठ के घर से उसकी पुत्री की शादी के उपलक्ष्य में भोजन के लिये निमन्त्रण आया। जब सभी हंस निमन्त्रण में जाने लगे तो एक हंस बोला, “भाइयों यह कौआ भी हमारा दोस्त है, क्यों न इस कौए को भी हम साथ ले चलें।”

इस बात पर सारे हंसों में से एक हंस बोला, ‘भाइयों इसका रंग हमसे मिलता नहीं है अगर इसका रंग हमसे मिलता होता, तो हम इसको साथ ले चलते।’ अन्य हंस बोले, ‘भाई अगर केवल रंग की बात है तो रंग तो हम अपने से मिला लेंगे।’ क्या फिर आप उसको साथ ले चलेंगे? बाकी हंसों ने उसका रंग सफ़ेद करने की सहमति दे दी।

उन्होंने खड़िया और चूने का इंतज़ाम कर कौए को भी सफ़ेद कर दिया। अब कौआ भी हंस की तरह लग रहा था। सेठ के यहाँ सभी हंस और साथ में कौआ दावत के लिये पहुँच गए। सभी अच्छे-अच्छे पकवान खाकर तृप्त हो गए। कौआ अपनी आदत के अनुसार जूटे पतलों पर जाकर बैठ गया। यह देखकर सेठ के यहाँ काम करने वाले एक व्यक्ति ने पूछा, ‘भाई यह आपके साथ जो हंस है, वहाँ जूटे पतलों पर क्या कर रहा है?’ एक चतुर हंस बोला, ‘भाई यह हमारे गुरुजी हैं। हम सभी में विवाद हो गया था कि सेठ जी के यहाँ भोजन करने के लिये कितने आदमी आए हैं? कोई कह रहा था 2000 आदमी आए हैं, तो कुछ ने कहा 2500 आदमी आए हैं। गुरु जी बोले कि हम पतल गिन कर निर्णय करेंगे कि 2000 हैं या 2500 हैं? अच्छे लोगों की संगति ने उस दिन कौए के सम्मान की रक्षा कर ली।

इस पृथ्वी पर जो सबसे महान है!
एक तू, वही इंसान है,
पूरी धरा में जो नहीं किसी के पास,
एक तेरे ही पास वह ज्ञान है।
एक हार से क्यों होता तू निराश?
प्रयत्न कर मत छोड़ तू आस,
एक दिन सवेरा होगा ज़रूर,
डर मत करता रह तू प्रयास।

तू पहचान अपने महत्व को,
तू समझ अपने कर्तव्य को,
ऐ मनुष्य! सफलता तेरे चरणों को चूमेगी,
ये भूमि तेरे संकेतों पर घूमेगी।

कविता (मन की बातें)

माँ का आशीर्वाद स्वर्ग के दरवाज़े खोल देता है
जीवन के सफ़र में माँ के आशीर्वाद से बुराइयाँ साथ छोड़ देती हैं
जितनी हो सके माँ की दुआएँ लो
क्योंकि वही है जो मौत को दरवाज़े से मोड़ देती है।
जब भी मैंने दर्द पाया है
मुझसे पहले मेरी माँ की आँखों में आँसू आया है।
पूछा उनसे क्यों करती हो, हमसे इतना प्यार
जवाब आया भगवान ने हमारा जीवन ही ऐसा बनाया है।।
ज़िन्दगी ने सवालात बदल दिये,
मुसीबतों ने हालात बदल दिये।
हम तो आज भी वही हैं,
शायद लोगों ने अपनी सोच बदल दी
उपहार भी दिए हैं उसी ने,
बिन माँगे भी दिया है उसी ने,
नफ़रतों को कर दिया है दूर
वरना मिलता कहाँ है हम जैसों को भगवान
अपने दिल के राजा हैं, जो मरज़ी है वह करते हैं
सही और ग़लत में फ़र्क भी रखते हैं।
हम को बुराइयों में डालने की कोशिश मत कीजिएगा
बुराइयों को अच्छाइयों में बदलने की हिम्मत भी हम रखते हैं।

बच्चा- टीचर, आप पाँच मिनट देर से आई हैं, ट्रेन

मित्रता

मित्रता भगवान का दिया हुआ अनुपम उपहार है। सच्चा मित्र
भाग्यशाली व्यक्ति को ही प्राप्त होता है क्योंकि अपने मित्र के
अवगुणों को छिपाकर उसके गुणों को प्रकट कर उसे सद्मार्ग की ओर
प्रेरित करने का गुण प्रत्येक व्यक्ति में नहीं होता है। ज़िंदगी में
माता-पिता तथा गुरु के साथ मित्र का भी महत्व है।

हमें इतनी आसानी से सच्चा मित्र नहीं मिलता। अगर हमें किसी
को सच्चा मित्र बनाना है तो अपने हृदय में एक कब्र खोद लेनी
चाहिए ताकि अपने मित्र की गलतियों को उसमें दफ़ना दें। जब
कोई इंसान बहुत सोचता है इसका मतलब वह उदास होता है या
फिर जब कोई इंसान छोटी-छोटी बातों पर रोने लगता है या गुस्सा
करता है तो समझ लेना कि वह इंसान बहुत अकेला है और उसकी
ज़िंदगी में प्यार की कमी है। तो अपने आस-पास रहने वाले लोगों
को समझिये, अपने मित्रों को समझिये और उसको एहसास दिलाने
की कोशिश करिये कि वह आप के लिये कितना ख़ास है। आज कल
ऐसा होता है कि हम अपने मित्रों को समझ नहीं पाते कि वह कहना
क्या चाहते हैं। ऐसे ही दोनों व्यक्तियों के बीच में दूरियाँ बँढ़ना
शुरू हो जाती हैं और ऐसे ही हम फिर अपना एक मित्र खो बैठते
हैं। तो आज से अपने आस-पास रहने वालों को समझिये अपने
और अपने मित्र के बीच की दूरियाँ कम करिए। जब दो लोगों के
बीच में दूरियाँ या भेदभाव बिल्कुल नहीं होता तो वही सच्ची मित्रता
कहलाती है।

मेरा जन्म दिन

जन्म दिन की परम्परा महाराजाओं से शुरू हुई है। मेरा जन्म दिन 21 फरवरी 2009 में हुआ था। इस समय मैं 8 वर्ष का हूँ। जन्म दिन खुशियों से भरा होता है। इस वर्ष जन्मदिन पर हमने अपने सभी दोस्तों को बुलाया। सभी रिश्तेदारों को भी बुलाया। अपने स्कूल जाकर हमने सभी दोस्तों को जन्म दिन की मिठाइयाँ बाँटी। सबने मिल कर दीर्घायु होने का आशीर्वाद दिया। रिश्तेदारों, दोस्तों ने अच्छे-अच्छे उपहार भेंट किये। बीच-बीच में खाने और पीने का भी कार्यक्रम चलता रहा। सभी उपहारों को खोल कर देखा गया तो बहुत प्रसन्नता हुई। मैंने ईश्वर से प्रार्थना की कि जन्म दिन जल्दी-जल्दी आये। मेरे मन में विचार आया कि ग़रीब बच्चों का भी जन्म दिन मनायें। जिससे वह भी समाज की मुख्यधारा में शामिल हों। जन्म दिन वाले दिन शिक्षा के बारे में अपने-अपने विचार रखना चाहिये। हमको उस दिन संकल्प लेना चाहिए कि ग़रीबों की मदद करें। सभी लोग देश सेवा के लिये कृत संकल्प हों। सभी देश वासी उच्च शिक्षा प्राप्त करें। मेरी कामना है कि सभी लोग सौ वर्ष जियें।

यदि मैं देश का प्रधानमंत्री होता

हमारा देश एक उन्नतिशील देश है और हमारे देश को प्रगति के पथ पर आगे ले जाने हेतु हमारे देश के सभी नागरिकों का बहुत बड़ा योगदान है। हमारे देश के नागरिक एक-दूसरे के साथ कदम से कदम मिला कर देश को उन्नति के मार्ग पर आगे ले जा रहे हैं। हमारे देश की उन्नति में हमारे देश के प्रधानमंत्री का बहुत बड़ा योगदान है। हमारे सर्वप्रथम प्रधानमंत्री पं. जवाहरलाल नेहरू व अन्य स्वतंत्रता संग्राम सेनानियों ने हमारे देश को स्वतंत्र कराया। इस अमूल्य योगदान के लिये हम उनके आभारी हैं।

आज कल के दौर में हमारे देश को चलाना और उसे प्रगति के मार्ग पर आगे ले जाना बहुत कठिन हैं। किसी भी देश के प्रधानमंत्री द्वारा चलायी जाने वाली योजनाएं उस देश को उन्नति के मार्ग पर ले जाने के लिये काफी हैं।

अगर हम कुछ क्षणों के लिये सोचें कि मैं इस देश का प्रधानमंत्री होने का सौभाग्य प्राप्त कर पाता तो क्या होता? इस बात को साकार करने के लिये मैं कुछ विचार व्यक्त करता हूँ। अगर मैं इस देश का प्रधानमंत्री होता तो मैं इस देश की आर्थिक व्यवस्था को मजबूत बनाता और यहाँ के नागरिकों में एकता की भावना को उजागर करता। हमारे देश के सबसे कमज़ोर परिवार सुखी रहेंगे तो हमारे देश को उन्नति करने से कोई नहीं रोक पायेगा तो इसी विचार से हमें अपने ग़रीब भाइयों तक अपनी सारी योजनाओं का लाभ पहुँचाना चाहिए। मुझे श्री दीनदयाल उपाध्याय के शब्दों का ज्ञान हुआ, जो मैं यहाँ व्यक्त करूँगा। उन्होंने कहा था कि “अगर किसी योजना के पूर्ण लाभ को देखना है तो उसे उस वर्ग के सबसे ग़रीब लोगों तक पहुँचाना चाहिए।” हमें अपने देश को स्वच्छ और साफ़ रखना चाहिए क्योंकि स्वच्छता है, तो स्वास्थ्य है।

मैं अपने देश की आर्थिक व्यवस्था के सुधार हेतु प्रयास करूँगा। इन सोचों को शायद कोई आगे ले जाए इस आशा के साथ मैं इस लेख का अंत करता हूँ।

जब मैं चिड़ियाघर घूमने गयी

एक दिन मेरे माता-पिता ने चिड़ियाघर घूमने का फैसला किया। मैं और मेरे सारे भाई बहुत खुश थे। हम लोग चिड़ियाघर के अंदर गए। वहाँ पर मेरी दोस्त भी आई थी। हम लोगों ने बहुत मज़ा किया। हम दोनों सहेलियों ने झूला भी झूला। हम लोगों ने बहुत से अनोखे जानवर भी देखे। मुझे चिड़ियाघर में बहुत मज़ा आया। हम लोगों ने एक साथ बैठकर खाना खाया। मुझे वह चिड़ियाघर की सैर हमेशा याद रहेगी।

लक्ष्य

मेरे जीवन का लक्ष्य है कि मैं एक योग्य अध्यापिका बनूँ और हर बच्चे को हँसा-हँसा कर और प्यार से पढ़ाऊँ। मैं अपनी कक्षा के बच्चों के साथ खेलती और मैं अपने बच्चों की हर बात पूरी करती। मैं सभी अध्यापक और अध्यापिका से अच्छे से बात करती और सभी बच्चों से मीठी बोली बोलती। मैं जब अपनी कक्षा के बच्चों को पढ़ाती तो साथ में हँसाती भी। मैं अपनी कक्षा को साफ रखूँगी और सजाऊँगी। मैं अपनी कक्षा के हर बच्चे को अच्छी बातें सिखाऊँगी। जैसे आज हमारे अध्यापक और अध्यापिका पढ़ाते हैं और कहते हैं ठीक से पढ़ने पर अच्छे अंक प्राप्त होंगे। मैं भी ऐसा ही करूँगी। पढ़-लिख कर अपने समाज और देश के लिये अच्छे कार्य करूँगी।

भारत देश हमारा है, भारत देश हमारा है
इस धरती पर सबसे प्यारा, देश हमारा न्यारा है।

माता—पिता

माता-पिता हर बच्चे के जीवन में बहुत महत्वपूर्ण भूमिका निभाते हैं। उनका प्रेम निःस्वार्थ होता है। अपने जीवन में वे अनेक प्रकार के कार्यों का निर्वाह करते हैं जिससे कि उनकी संतान का भविष्य उज्ज्वल हो। माता-पिता हमारे प्रथम गुरु होते हैं। जब हम अस्वस्थ होते हैं तो दिन-रात हमारी देख भाल करते हैं। जीवन में हम जितने भी आगे पहुँचेंगे सबसे अधिक योगदान हमारे माता-पिता का होगा। माता-पिता भगवान के दिये हुए बहुमूल्य उपहार हैं। बच्चे अपने माता-पिता के त्याग और बलिदान का कर्ज नहीं चुका सकते। हमें अपने माता-पिता की आज्ञा का पालन और उनकी सेवा करनी चाहिए।

चूँ—चूँ चिड़िया

मुझे चिड़िया बहुत पंसद है। अगर मैं चिड़िया होती तो मेरे पास पंख होते। जिससे मैं ठंडी-ठंडी हवा में उड़ती। मेरे पास बहुत सारे दोस्त होते जैसे— कोयल, बुलबुल, मैना आदि। मैं उनके साथ उड़ती। मैं अपना एक घोंसला तिनकों, घास और कुछ चीज़ों से बनाती और ऐसे पेड़ पर बनाती जिस पेड़ की छाया में अधिक पशु— पक्षी होते। मुझे सारे व्यक्ति पंसद करते। मैं अपना खाना खुद ढूँढती। मैं हरे-भरे फूलों के किनारे—किनारे मजे लेकर उड़ती। जो पक्षी मुझे परेशान करता मैं उसे एक बार में भगा देती। मैं अपने दोस्तों के साथ में भोजन करती। मैं सुबह उठती और चूँ—चूँ करती और सबको उठा देती।

बेटी

बेटा-बेटी है कुदरत का तोहफ़ा
बेटा है शान हमारी तो बेटी है आन हमारी

बेटी से ही है घर में रौनक सारी,
फिर भी सुरक्षित नहीं बेटी हमारी,

बेटी हमारी, बेटी हमारी।

जैसा कि आप सब देख रहे हैं कि आज समाज में
बेटियाँ सुरक्षित नहीं। बहुत कुछ बदला लेकिन बेटा,
बेटी के फर्क की खाई गहरी ही होती गई। अरे, हम
कैसे भूल गए कि एक बेटी ही माँ की बुनियाद है और
हमें आज से ही अपनी बुनियाद को मिटने से बचाना है
यानि हर माँ की ज़िन्दगी को बचाना है क्योंकि-
माँ से बढ़कर कुछ नहीं, क्या पैसा क्या नाम,
पैर छुए और हो गई ये जन्मत हमारे नाम,
खुशबू है ये बागों की, यह रंगों की पहचान,
जिस घर में बेटी नहीं वह घर है रेगिस्तान।

शेर और गधा

एक बार एक शेर शिकार के लिये निकला तो उसने गधे को अपने साथ ले लिया और उससे बोला, “गधे, तुम जंगल में जाकर पूरे ज़ोर-ज़ोर से रेंको। तुम्हारा गला काफी बड़ा है। तुम्हारे रेंकने से जो भी जानवर डरकर भागने लगेंगे, मैं उन्हें झपट लूँगा।”

गधे ने ऐसा ही किया। वह खूब ज़ोर-से रेंकने लगा और जानवर अपनी सुध-बुध भुलाकर दौड़ने लगे। शेर उनका शिकार कर लेता था। शिकार ख़त्म होने पर शेर ने गधे से कहा, “शाबाश, तुम खूब रेंकते रहे।” तब से गधा इसी तरह रेंकता है और इंतज़ार करता है कि कोई उसकी प्रशंसा करें।

हमारा भारत महान

यह विश्व बहुत बड़ा है। यहाँ बहुत सारे देश हैं उनमें से एक देश भारत भी है। भारत एक बहुत बड़ा देश है। यहाँ 29 प्रदेश (स्टेट) और 07 केन्द्र शासित प्रदेश हैं। यहाँ बहुत तरह की भाषाएँ बोली जाती हैं।

यहाँ पहले अंग्रेज़ राज करते थे। उन्होंने लगभग 200 साल राज किया था। फिर गाँधी जी ने हमारा देश आज़ाद कराया।

भारत 15 अगस्त 1947 को आज़ाद हुआ था। जिसमें पाकिस्तान भारत से अलग हो गया था। पहले पाकिस्तान भी भारत में ही था। हम भारतवासी 15 अगस्त को स्वतंत्रता दिवस मानते हैं। भारत का कानून 26 जनवरी 1950 में बन कर तैयार हुआ जो अभी तक माना जाता है। हम लोग गणतन्त्र दिवस 26 जनवरी को हर साल मनाते हैं।

आज़ादी के बाद यहाँ सब लोग अपनी मरज़ी से अपना काम करते हैं। यहाँ के पहले प्रधानमंत्री श्री जवाहर लाल नेहरू थे जो बच्चों से बहुत प्यार करते थे इस लिये बच्चे उन्हें चाचा नेहरू कहते हैं। भारत के पहले राष्ट्रपति डॉ. राजेन्द्र प्रसाद जी थे।

अंग्रेज़ों की हुकूमत से पहले भारत “सोने की चिड़िया” कहलाता था।

यहाँ सोना, चाँदी बहुत था। यहाँ पहले चाँदी के सिक्के चलते थे। अंग्रेज़ यहाँ से सब कुछ लूट कर ले गये। कोहिनूर हीरा जो भारत में था अंग्रेज़ उसे चुरा के इंग्लैण्ड ले गये।

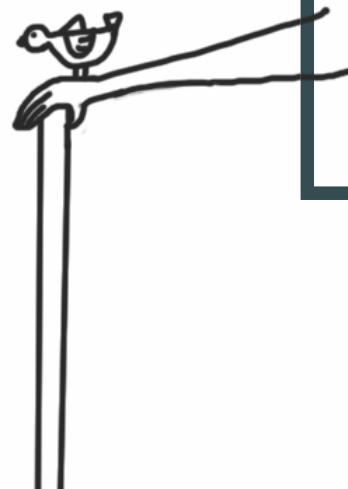

हमें चाहिये कि हम अब अपने देश की रक्षा करें और अपनी आज़ादी का फायदा उठाये। हमें अपने देश की रक्षा करते हुए उसे उन्नति के मार्ग पर ले जाना चाहिए।

खीर बनाके खाने बैठी,
चिड़िया गीत सुनाने बैठी।
बुढ़िया ने सब कुछ खा डाला,
चिड़िया को भूखा ही मारा।
बेचारी चिड़िया भूखी रही,
रात भर रोती रही।
सुबह हुई जब मुर्गा बोला,
बुढ़िया ने फिर पिंजरा खोला।
चिड़िया ने फिर गुस्सा दिखाया,
बुढ़िया को सब कुछ याद आया।
झटपट भागी घर के अन्दर
लेकर आई कुछ दाने बाहर
चिड़िया ने फिर खाना खाया
बुढ़िया को दिया क्षमा दान
फिर न करना, ऐसा काम।

राजा विशेषानंद - अहंकार

एक बार की बात है। राज्य मोग्दया में राजा विशेषानंद राज्य करता था। उसने अकबर जैसा महान बनने की बहुत कोशिश की एवं परिवर्तन लाने का प्रयास किया। उसने अपने दरबार में अकबर जैसे नौ-रत्न रखे। उसके नव-रत्न अकबर के रत्नों की तरह महान तो थे मगर वह राजा की नज़र में अपनी जगह बनाने के लिये राजा की बहुत झूठी तारीफ़ करते रहते थे। राजा उनकी बातों से बहुत खुश हो जाता था।

एक बार तो हद ही हो गयी जब राजा विशेषानंद शिकार के लिये निकले तो उन्होंने एक शेर को मारा। तभी राजा ने महल में जाके अपने नव-रत्नों को अपने पास बुलाया और कहा कि मुझे लगता है कि मैं भगवान हूँ। मैं चाँहू तो किसी को मार भी दूँ, मैं चाँहू तो किसी को जीवन दान दे दूँ, लोगों का खाना भी बन्द कर सकता हूँ, किसी को भी अमीर बना सकता हूँ और किसी को भी ग़रीब।

उस वक़्त नव-रत्नों में से आठ ने उसकी बात मानी और कहने लगे हाँ आप ही दाता है। मगर उसमें से एक जिसका नाम विभाजन सिंह था उसने कहा नहीं भगवान आप नहीं है। राजा ने उसी वक़्त उस को घर वापस भेज दिया। अब राजा ने सुबह अपने सिपाहियों को हुक्म दिया कि जाओ और मंदिरों में भगवान की मूर्तियों को हटा कर मेरी मूर्तियाँ लगवा दो और लोगों से कहो कि मेरी पूजा करें। जो ना माने, उसे मार दो।

तो अब क्या था, तीन-चार दिन बाद राजा के छोटे बेटे की मृत्यु हो गयी और उसके बाद उसके बड़े बेटे की बहुत ज़्यादा तबीयत ख़राब हो गयी। उस बेटे के बाद राजा का कोई वारिस न था। इस लिये राजा ने बड़े-बड़े हकीमों को उसकी ख़िदमत के लिये लगा दिया। एक दिन राजा को एक पंडित ने बताया कि आप वेश बदल कर अपनी प्रजा के बीच में जाइये। आपका बेटा ठीक हो जायेगा। राजा उसी दिन वेश बदल कर प्रजा के बीच में गया। जब वह प्रजा के बीच में गया तो उसने उनके मुँह से सुना कि “अब राजा से कहो कि अपने बेटे की जान बचाए, वह तो भगवान है ना।”

राजा ने उसी वक़्त अपनी मूर्तियाँ तुड़वा दीं और विभाजन सिंह को वापस बुला लिया। उसका बेटा कुछ दिन बाद सही हो गया।

प्रदूषण

वर्तमान काल में जहाँ मनुष्य विभिन्न समस्याओं से जूझ रहा है। वहीं पर आज प्रदूषण भी एक भीषण समस्या के रूप में उभर कर सामने आया है। जो हमारे स्वास्थ्य के लिये अत्यन्त हानिकारक है। जगह-जगह पर गंदगी के साथ-साथ मोटर वाहनों से निकलने वाले धुएँ से, रासायनिक परीक्षण से, बाहर कूड़ा जलाने से पूरा का पूरा वातावरण दूषित हो कर रह गया है।

आज हमारे देश में स्वच्छ भारत के मिशन के तहत सभी प्रकार के प्रदूषणों से भारत को मुक्त कराने की एक अच्छी पहल हुई है। हम सभी की ये ज़िम्मेदारी बनती है कि हम इस अच्छे कार्य में अपना सहयोग दें और अपने देश, अपने शहर और अपने मोहल्ले को स्वच्छ रखे ताकि हम सब प्रदूषण से मुक्त हो जायें।

सोच

हमारा देश बहुत प्रगति कर रहा है। यहाँ पर बहुत सी अनोखी चीज़ें हैं जैसे कि यहाँ का ताजमहल। पर किसी देश को आगे बढ़ाने के लिये वहाँ के निवासी और मंत्रीगण का अच्छा होना बहुत ज़रूरी है। मंत्रीगण और निवासियों के साथ होने से ही हमारा देश विभिन्न मुश्किलों को दूर कर सकता है और अपनी स्वतंत्रता को बाकी रख सकता है। हमारे देश को आगे बढ़ाने के लिये प्रधानमंत्री का बहुत बड़ा योगदान होता है क्योंकि वह हर चीज़ पर ध्यान देता है चाहे वह छोटी हो या बड़ी।

अगर मैं देश का प्रधानमंत्री होता तो यहाँ पर मैं नये - नये स्कूल, हॉस्पिटल, पक्की सड़कें आदि का निर्माण करवाता। आज हमारा देश बहुत प्रदूषित है। यहाँ पर नदियों में कूड़ा फेका जाता है जिससे नदियों का पानी किसी काम को अंजाम देने के लिये इस्तेमाल नहीं हो पाता। इस चीज़ को दूर करने के लिये मैं नदियों के पास एक जाल सा लगवाता जिससे कूड़ा रुक जाता और जो भी कूड़ा फेंकता उसे भुगतान भुगतना होता। यहाँ की बिजली की समस्या को दूर करने के लिये मैं सौर ऊर्जा का प्रयोग करता जिससे गाँव में भी बिजली मिलती। यहाँ की आर्थिक स्थिति को सही करने के लिये मैं 2000, 1000, 500 के नोट बंद करवा देता क्योंकि 100 के नोट से उनका बड़ा - बड़ा काम न हो पाता। यहाँ मैं एक नयी संस्था की स्थापना करता जिससे यहाँ पर दूसरों को लूटना, मारना, चोरी करना रोक देता और जो भी करता उसे कड़ी सज़ा मिलती। हमारा भारत देश खेती -बाड़ी में बहुत आगे हैं पर मैं यहाँ ट्रैक्टर, हा. रवेस्टर जिससे जल्दी कार्य हो जाता, उसे उपलब्ध करवाता। यहाँ पर पानी की समस्याओं को दूर करने के लिये मैं हर एक ज़िले में पानी के बड़े-बड़े टैंक रखवाता जिससे पानी की समस्या दूर होगी और देश को साफ़ रखने के लिये मैं हर क्षेत्र में डस्टबिन रखवाता और जो भी कूड़ा उसमें न डालता उसे भुगतान भुगतना पड़ता। अपने देश को आगे बढ़ाने के लिये मैं अपना सब कुछ लगा देता। इन चीज़ों को मैं क्रियात्मक रूप में लाता।

ऐ देश के नौजवानों मन में हौसला भर लो,
मायूस खामोश जिंदगी को केसरिया में रंग लो।
बढ़ते हुए कदमों से थाम लो देश की कमान,
बच्चे-बच्चे में भर दो बलिदान का ईमान।
गाँवों से शहरों तक सागर से हिमालय तक,
कश्मीर से कन्याकुमारी तक, गुजरात से बंगाल की खाड़ी तक,
बुलंद इरादों से देश की आन लूटने वालों की,
नज़र मोड़ दो, डगर तोड़ दो,
मन की शक्ति झकझोर दो,
तुम्हे है बेपनाह प्रेम देश से
फिर क्यों डरते हो आतंकी देशों से
इनमें कुछ भी नहीं केवल डराते हैं हमें
हम भी कोई कम नहीं हर वक्त आजमाते इन्हें,
गंगा जमुनी सभ्यता का वास्ता दिखाते इन्हें
मर कर भी जिंदा रहने की असलियत बताओ इन्हें
ऐ आस्तीन के साँपो बिलों में चले जाओ
नहीं तो नेवलों से टुकड़े-टुकड़े हो जाओ।
बहुत हो चुका तुम्हारा खेल
हर वक्त भेजते हो बेतुकी मेल
जिस समय गुराकर खड़े हो गये ये शेर
उल्टे पैर भागना पड़ेगा नज़रें देंगे ये फेर
तिरंगे की रक्षा में लगा देंगे अपना ये धैर्य

ہم یہ کیسے بھول سکتے ہیں کہ ہم اُس ملک کے باشندے ہیں جہاں ایکویہ اور ارجن جیسے شاگرد اور اعلیٰ کردار شخصیات موجود ہیں۔ کاش ہمارا وہ پُرانہ زمانہ پھر لوٹ آتا اور ہمارے ملک میں تہذیب اور تمدن جو ہماری وراثت ہوا کرتی تھی پھر قائم ہو جاتی۔ جہاں استاد کو والدین سے بھی افضل مانا جاتا تھا اور اُس کے ادب و احترام کی کوئی حد و انتہا نہیں تھی۔

بچوں! تم سب مل کر آج اس بات کا عہد کرو کہ تم اپنے ملک اور قوم کے وقار کو برقرار رکھتے ہوئے اس میں ترقی یافتہ تبدیلی لانے کی پوری کوشش کرو گے۔ اپنے بہتر اخلاق اور معیاری قدروں کو اختیار کر کے خود کو اس لائق بناؤ گے کہ تم دوسروں کے لئے مثال بن جاؤ اور تمام عالم پر اپنے نام کا سکہ جما دو۔ تم اپنا کردار، تہذیب، زبان اور ادب و آداب کو اُس عروج پر پہنچا دو کہ لوگ اسے دیکھ کر رشک کریں اور ہم سب فخر سے کہہ سکیں کہ ایسا ہوتا ہے سچا ہندوستانی۔

دنیا بھر کی محبت فضول ہے	ماں کی ہر دعا ہوتی قبول ہے

بدلاؤ

تبدیلی یا بدلاؤ دنیا کا سب سے بڑا اصول اور حقیقت ہے۔ جیسے دن کے بعد رات، سردی کے بعد گرمی۔ اسی طرح ہمیں اپنی زندگی میں بھی بدلاؤ لانا چاہئے۔ یہ بدلاؤ ترقی کی منازل کو طے کرتے ہوئے لایا جائے تو اُس سے بہتر دوسری کوئی شے دنیا میں نہیں، اگر یہ تبدیلی ترقی کے بجائے تنزلی کی جانب ہو تو وہ معاملہ قابلِ غور و فکر ہے۔ آج کے دور میں ہمارے ملک کے نوجوان طبقے میں جو تبدیلیاں نظر آرہی ہیں انکے سبب وہ نوجوان ترقی کے بجائے تنزلی کے راستے پر گامزن ہوتے جا رہے ہیں۔ جیسے ہمارے معاشرے میں مغربی رسم و رواج کا تیزی سے رائج ہونا اور اپنی تہذیب کو بھول کر دوسروں کے طور طریقوں کو اختیار کرنا حتیٰ کہ وہ ہمارے لئے کتنے ہی نقصان دہ کیوں نہ ہوں۔ اسکا مطلب یہ نہیں کہ میں مغربی تہذیب یا طور طریقوں کے خلاف ہوں۔ آج ہمارے معاشرے میں وہ شخص لائقِ عزت نہیں سمجھا جاتا جو مغربی تہذیب کو اختیار نہیں کرتا یا اپنی پرانی وضع کو ترک نہیں کرتا۔ اسکی وجہ ہماری لاعلمی یا احساسِ کمتری ہی ہے۔

ہم دوسروں کی

چال ڈھال دیکھ کر اتنے متاثر ہو جاتے ہیں کہ اپنی روش ہی بھول جاتے ہیں۔ اگر ہم مغربی ممالک میں یا درس گاہوں میں یہ دیکھتے ہیں کہ وہاں طالب علم اپنے استاد یا بزرگوں کی عزت اور احترام نہیں کرتے تو بغیر کچھ سوچے سمجھے آنکھیں بند کر کے ہم بھی اس پر عمل کر لیتے ہیں جو کہ بالکل غلط ہے۔ ہمارے اسکولوں اور درس گاہوں میں آج ایسے طلبہ کی تعداد روز بروز بڑھتی جا رہی ہے جو خود سر، بداخلاق اور بے شعور ہیں۔ انھیں کتابوں میں کم اور دوسری چیزوں میں زیادہ دلچسپی ہونے لگی ہے۔ وہ اس بات کو برداشت نہیں کرتے کہ کوئی انھیں غلط کام کے لئے روکے یا ٹوکه، جبکہ وہ یہ نہیں جانتے کہ یہ روک ٹوک انکے مستقبل میں انھیں ہی فائدہ پہنچائے گی۔ استاد کی ڈانٹ یا روک ٹوک ایک مالی کی اُس کانٹ چھانٹ کے مانند ہوتی ہے جو کسی درخت کو خوبصورت شکل دیتے وقت اسے کرنی پڑتی ہے۔

مگر اس کے لئے ہمیں سخت محنت کرنی پڑیگی ۔ دل لگا کر سال بھر پڑھائی کر کے ان امتحانات کی تیاری میں لگ جانا چاہئے ، کیونکہ امتحان تو زندگی بھر چلتے ہی رہتے ہیں ۔ آج ایک ختم توکل دوسرا شروع ۔ اگر خدا نہ کرے کوئی طالب علم پہلی بار میں بورڈ کے امتحان میں کامیاب نہیں ہو پایا تو اسے مایوس نہیں ہونا چاہئے بلکہ دوبارہ اور بہتر طریقے سے محنت شروع کرنی چاہئے ، تاکہ اگلی بار وہ مکمل طور پر کامیاب ہو جائے ۔ میں خدا سے دعا کروں گی کہ وہ ہم سب طلباء و طالبات کو بہترین کامیابی عطا کرے ۔ (آمین)

جہیز ایک لعنت

آج کے دور میں جہیز کا رواج کچھ اس طرح رائج ہو گیا ہے کہ جہیز کے بغیر شادیوں کا تصور بھی نہیں کیا جا سکتا حالانکہ خوب سیرت اور تعلیم یافتہ لڑکی خود ایک جہیز ہے لیکن لوگوں میں جہیز کی لالچ کچھ اس طرح بڑھ گئی ہے کہ لڑکیوں کو زندہ جلانے میں بھی انکو ذرا رحم نہیں آتا ہے ۔ روز اخبارات میں اس طرح کی خبریں آتی ہیں ۔ معاشرے میں جو لوگ امیر ہیں وہ تو اپنی لڑکیوں کی شادیاں خوب جہیز دیکر کر دیتے ہیں لیکن غریب گھرانوں کی لڑکیاں اس جہیز کی لعنت کی وجہ سے شادی سے محروم رہ جاتی ہیں ۔

یہ برائی ہمارے معاشرے کو گھن کی طرح چاٹ رہی ہے ۔ اب تو ہر خاص و عام گھرانے میں اس کی ایسی عادت ہو گئی ہے کہ اس کے بغیر شادی ہونا تقریباً ناممکن سا ہو گیا ہے ۔ لہذا ہمیں خود کو اور اس معاشرے کو اس برائی سے آزاد کرنے کے لئے آگے آنا چاہئے ۔ ہم لوگوں نے خود ہی جہیز دے دیکر لوگوں کو اس کی عادت ڈالی ہے ، اب ہمارا فرض بتا ہے کہ ہم اس کے لئے ضروری قدم اٹھائیں اور اس برائی کو جڑ سے ختم کر دیں ۔

بورڈ کے امتحانات آزمائش یا مصیبت

بورڈ کے امتحانات سے روبرو ہونا ہر طالب علم کے لئے لازم و واجب ہے۔ جس کو زیادہ تر بچے نا پسند کرتے ہیں، کیونکہ اس امتحان کو بچے آزمائش نہیں ایک مصیبت سمجھنے لگتے ہیں۔ وہ سوچتے ہیں کہ اس کی وجہ سے انھیں بہت سی پریشانیوں اور دقتوں کا سامنا کرنا پڑتا ہے۔ بچوں کو سخت محنت کر کے صحیح جواب دینے ہوتے ہیں۔ پیپر دینے کے بعد بھی انھیں یہ ڈر رہتا ہے کہ کہیں انکا جواب نامکمل تو نہیں رہ گیا اور پھر اکزامنر [Examiner] کا بھی ڈر کہ وہ ہمارے جوابات کو صحیح سمجھے گا یا نہیں۔ اوپر سے گھر والوں کا خیال کہ اگر نمبر کم آئے تو انکی ڈانٹ بھی سنی پڑیگی اور خاندان والوں کو کیا منہ دکھائیں گے وغیرہ وغیرہ۔

مگر میری رائے اس معاملے میں کچھ الگ ہے۔ میرے حساب سے بورڈ کے امتحانات طلبہ کے لئے آزمائش کی گھڑی ہوتے ہیں، جو انکی زندگی کے لئے بہت ضروری ہوتے ہیں۔ دراصل ان امتحانات کے ذریعہ یہ دیکھا جاسکتا ہے کہ کس طالب علم میں کتنی صلاحیت اور قابلیت ہے اور وہ کتنا سمجھدار ہے۔ ظاہر سی بات ہے کہ اگر ہم کسی علم کو سیکھ رہے ہیں تو ہمیں بعد میں اس بات کی معلومات بھی حاصل کرنی چاہئے کہ ہمیں کتنا اور کیسا علم حاصل ہوا؟ ورنہ اس چیز کا سیکھنا بیکار ہے، کیونکہ اگر ہمیں اس علم کا کوئی فائدہ ہی حاصل نہیں ہوتا تو اسے سیکھنے کا کیا فائدہ؟ بعض طالب علم بورڈ کے امتحان کو مصیبت سمجھتے ہیں۔ وہ سمجھتے ہیں کہ بورڈ کے امتحان قریب آتے ہی ہر شخص ان کو نصیحت کرنے لگتا ہے کہ ایسے کرو، ایسے پڑھو اور ایک قسم کا ذہنی دباؤ اُن پر بن جاتا ہے، جس کے سبب اکثر دیکھا گیا ہے کہ امتحان سے پہلے وہ یا تو بیمار پڑ جاتے ہیں یا پھر بہت زیادہ گھبرا جاتے ہیں۔ یہ حالت ایسے طلبہ کے ساتھ پیش آتی ہے جو سال بھر پڑھائی نہ کر کے آخر میں تھوڑی بہت محنت کے ذریعہ بس پاس ہونا پسند کرتے ہیں، مگر یہ خیال بالکل غلط ہے۔ زیادہ تر طلبہ پڑھائی کو ایک قسم کے بوجھ کی طرح لیتے ہیں، لیکن طلبہ کو ان امتحانات کو اپنی زندگی کا ایک اہم حصہ سمجھ کر دل لگا کر، محنت سے انجام تک پہنچنا چاہئے، کیونکہ محنت کرنے والوں کا ساتھ خدا بھی دیتا ہے۔ یہ امتحان ہمیں آنے والی زندگی کے ان تمام امتحانوں کی تیاری کرواتے ہیں، جو ہمیں مستقبل میں دینے ہوں گے۔

انسان

ہم تو مٹی ہیں ہر اک سانچے میں ڈھل جاتے ہیں
آگ سے گزرے تو اینٹوں میں بدل جاتے ہیں
اور سوکھے ہوئے پتوں کی طرح آندھی میں
ڈرہ بن کر کے فضاؤں میں بکھر جاتے ہیں
دریا میں جا کے جو دیکھا تو یہ معلوم ہوا
ڈوب جاتے ہیں جو ساحل نہیں پا پاتے ہیں
ہم کو ہیں پھول پسند اس میں بھی دانائی ہے
کانٹے خوشبو کہاں دیتے ہیں چُجھ جاتے ہیں
انتظار ہوتا ہے سب کو کہ سحر ہو جائے
کون وہ لوگ ہیں جو شام کو لہاتے ہیں
ہم تو لڑ جاتے ہیں دنیا سے یہ کہہ کر ثاقب
دیکھو یروانے کہاں آگ سے ڈر جاتے ہیں

سگت کا اثر

سگت کا اثر ہر کسی پر ضرور ہوتا ہے۔ جیسی ہماری سگت ہوگی ویسی ہی ہماری شخصیت نظر آئے گی۔ اس لئے ہمیں ہمیشہ اچھی سگت میں ہی رہنا چاہئے۔ اسی سے متعلق ایک کہانی مجھے یاد آرہی ہے جو میں اپنے تمام دوستوں کو سنانا چاہتا ہوں۔

ایک بادشاہ شکار کے لئے کسی جنگل میں گیا۔ ایک ہرن کا پیچھا کرتے کرتے وہ بہت دور نکل گیا اور اپنے ساتھیوں سے پھڑ گیا۔ اسے بہت بھوک لگی تھی اور وہ بہت تھک گیا تھا۔ تھوڑی دور اور آگے جانے پر اسے ایک بستی نظر آئی۔ وہ جنگلی، جاہل اور بُرے لوگوں کی بستی تھی۔ جسے چانڈالوں کی بستی کے نام سے جانا جاتا تھا۔ وہاں پیڑ پر ایک طوطا بیٹھا تھا۔ وہ طوطا بادشاہ کو دیکھتے ہی چلایا۔ ”ارے پکڑو اسے مارو مارو۔ اسکا سب کچھ چھین لو۔“ یہ سن کر راجا کو بڑا تعجب ہوا۔ وہ وہاں سے بھاگ کر دوسری جانب چل دیا۔ بادشاہ دل ہی دل میں سوچنے لگا کہ میں نے اسکا کیا بگاڑا ہے، جو یہ طوطا مجھے دیکھتے ہی میرے پیچھے پڑ گیا اور ایسے برے الفاظ کا استعمال کر رہا ہے۔ چلتے۔ چلتے بادشاہ کچھ پیر فقیر اور عبادت گزار لوگوں کی بستی میں پہنچ گیا۔ وہاں پر بھی ایک طوطا پیڑ پر بیٹھا ہوا تھا۔ اس نے بادشاہ کو دیکھ کر بڑے نرم اور شیریں لہجے میں کہا۔ ”حضور آئیے، بیٹھے، ہماری بستی میں آپکا خیر مقدم ہے۔ ارے کوئی ہمارے مہمان کے لئے ناشتہ، پانی اور پھل وغیرہ کا انتظام کرو۔“ یہ سن کر بادشاہ بہت زیادہ حیران ہوا۔ وہ اسی پیڑ کے نیچے بیٹھ گیا۔ اسے دونوں طوطوں میں اتنا فرق دیکھ کر تعجب ہو رہا تھا۔ اُس نے طوطے سے پوچھا۔ اے طوطے اسی جنگل میں تھوڑی دور پر ایک اور طوطا رہتا ہے۔ وہ ایسے خطرناک الفاظ استعمال کر کے لوگوں کو ڈراتا ہے اور تم ہو جو اتنے بیٹھے لہجے میں سب کا استقبال کرتے ہو۔ تم بھی ایک طوطا ہو اور وہ بھی ایک طوطا ہے۔ دونوں ایک ذات کے ہو پھر دونوں میں اتنا تضاد کیوں؟ ”یہ سن کر طوطا بولا، حضور ہم دونوں نہ صرف ایک ذات کے ہیں بلکہ ہم دونوں سگے بھائی ہیں۔ اُس کو وہ جنگلی چانڈال لوگ لے گئے اور مجھے یہ عبادت گزار اور نیک لوگ اپنی بستی میں لے آئے۔ وہ ان لوگوں کے ساتھ رہ کر انکے بولے الفاظ سنا رہا اور انھیں سیکھ گیا اور اب وہ بھی انھیں کی زبان بولنے لگا ہے۔ میں ان نیک بندوں کی سگت میں رہ کر

اتنی نہ بھول جانا

کل صبح تم اٹھانا ، اسکول کو ہے جانا

تب ناشتہ کرانا، اتنی نہ بھول جانا

کرنا مجھے روانہ، اتنی نہ بھول جانا

تم یاد یہ دلانا، اتنی نہ بھول جانا

تم سن کے مسکرانا، اتنی نہ بھول جانا

تم حوصلہ دلانا، اتنی نہ بھول جانا

کل صبح جب اٹھوں گی ، پہلے دعا پڑھوں گی
پھر میں برش کروں گی، منہ ہاتھ دھو جو لوں گی

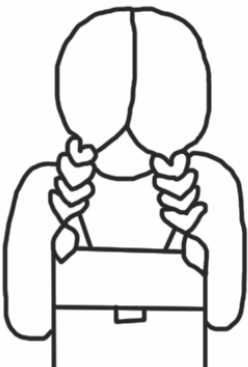

منہ ہاتھ تم دھلا کر کاجل مجھے لگا کر
اور تیل پھر لگا کر ، بالوں کو تم بنا کر

تم کو سلام کر کے جاؤں گی جب میں گھر سے
بائیں طرف سڑک کے چلنا ذرا سنبھل کے

اسکول جاؤں گی میں تعلیم پاؤں گی میں
جب گھر کو آؤں گی میں نظمیں سناؤں گی میں

جی جان سے پڑھوں گی ، محنت کڑی کروں
پیچھے نہیں ہٹوں گی ، آگے سدا بڑھوں گی

ہمارا حوصلہ

جہالت ہی سبب ہوتا ہے ذلت و خواری کا
جہالت ہی سبب ہوتا ہے اکثر بد نصیبی کا
جہالت جیسی لعنت کو زمانے سے ملائیں گے

اسی دنیا کو ہم اک دن نئی دنیا بنائیں گے

کسی صورت بھی ہم تھمنے نہ دیں گے کوششوں کی رو
جو کم ہوتی نظر آئی چراغِ زندگی کی نو
چراغِ زندگی میں خون بھی اپنا ملائیں گے

اسی دنیا کو ہم اک دن نئی دنیا بنائیں گے

فلک پر جگمگائے گا ستارہ آدمیت کا
زمین پر بول بالا ہوگا پھر عدل و صداقت کا
زمانے کو سبق روشن ضمیری کا پڑھائیں گے

اسی دنیا کو ہم اک دن نئی دنیا بنائیں گے

اسی دنیا کو ہم اک دن نئی دنیا بنائیں گے

نرالی شان کا ہوگا قریب و دور کا عالم
نظر آئے گا تاحد نظر اک نور کا عالم
نئی شمعیں جلا لیں گے ، نئی محفل سجائیں گے

فروزاں ہوں گی ہر سینے میں شمعیں عزم و ہمت کی
کریں گے دل سے پوری ہر ضرورت ملک و ملت کی
ہم اپنے ملک و ملت کو نئی منزل پہ لائیں گے

اسی دنیا کو ہم اک دن نئی دنیا بنائیں گے

کام آتی ہے ہر موڑ پر تربیت استاد کی
ساتھیوں نہ کبھی بھولنا عظمت استاد کی

دشوار، ہر اک راہ وہ کر دیتے ہیں آساں
مل جائے نصیب سے جسے چاہت استاد کی

مل جائے گی اک روز مجھے منزل مقصود
قسمت سے ملی ہے مجھے، نصرت استاد کی

جینے کے سبھی طور سکھاتے ہیں بعد شوق
ماں باپ سے کچھ کم نہیں ہے جدت استاد کی

استاد کی گھڑ کی بھی ہے الفت کی علامت
غصے میں بھی ہوتی ہے نہاں، شفقت استاد کی

بعد شوق وہ سہہ لیتے ہیں، بچوں کی شرارت
ہر اک کے لئے ہمسر ہے ہدایت استاد کی

ہر شخص کی زندگی میں اسکی کردار سازی کا ایک اہم پہلو اسکی ۱۶ سے ۲۰ سال کی عمر میں طے ہوتا ہے اور یہی وہ پہلو ہوتا ہے جو اسکی زندگی اور کیریئر [career] کو نئے آیام عطا کرتا ہے۔ انسان چاہے تو اس دور میں اچھے لوگوں کا ساتھ حاصل کر کے اپنی زندگی سنوار لے اور چاہے تو برے لوگوں کا ساتھ پکڑ کر اپنی زندگی برباد کر لے۔ ہم طلبہ کے لئے اس دور کی بہت اہمیت ہے۔ ہر طالب علم کو اس وقت خاص خیال رکھنا چاہئے کہ اس نے اپنے کیریئر کے متعلق کس جانب قدم بڑھانے کا منصوبہ بنایا ہے۔

ہم سبھی طلبہ کی طرح ایک طالب علم جارج ایفل تھا، جو اپنی عمر کے اس دور میں غلط سنگت کا شکار ہو گیا تھا۔ جارج کے استاد اسکے چال چلن کو دیکھ کر بھانپ گئے تھے کہ وہ اپنا وقت برے لوگوں کے ساتھ برباد کر رہا تھا۔ جارج ایفل (ایفل ٹاور کی تعمیر کرنے والا) اپنے اسی استاد کے ساتھ ایک جھرنے کے سامنے کھڑا تھا۔ اسکے ٹیچر بہت دیر سے اس جھرنے اور اسکی اونچائی کو دیکھ رہے تھے۔ تھوڑی دیر بعد استاد بولے :- ”جارج اس جھرنے کو غور سے دیکھو۔ اس میں پتھر اور پانی دونوں ہیں۔ پتھر کو اپنی سختی پر غور ہے اور پانی کو اپنی نرمی پر فخر ہے۔ پتھر پانی کو آگے بڑھنے سے روکتا ہے اور پانی آگے جانے کی کوشش میں لگا رہتا ہے۔ اسی بنا پر دونوں میں مستقل جنگ چلتی رہتی ہے۔“ یہ کہہ کر وہ خاموش ہو گئے۔ جارج نے سوچا کہ استاد سے پوچھئے کہ اس جنگ میں کسے فتح نصیب ہوتی ہے؟ پر وہ ادب کے سبب چپ رہا۔ ابھی بھی اسکے استاد جھرنے کو دیکھ رہے تھے۔ وہ پھر بولے :- ”جانتے ہو! اس جنگ میں جیت کسے حاصل ہوتی ہے؟ یہ جنگ پانی اپنی نرمی کے باوجود جیت جاتا ہے۔ پتہ ہے کیسے؟

پانی اپنی مستقل کوشش کی وجہ سے پتھر کو گھستا رہتا ہے اور اسے ذروں میں تبدیل کر دیتا ہے اور خود آگے بڑھ جاتا ہے۔ اسی طرح اگر انسان مسلسل کوشش کرے تو پتھر کا سینا چیر کر آگے بڑھ سکتا ہے۔ دنیا کی کوئی بھی مشکل اسکا راستہ نہیں روک سکتی۔“

اسی دن سے جارج ایفل نے یہ فیصلہ کیا کہ وہ کچھ ایسا کریگا جس سے اسکا نام تاریخ کے سنہرے پتوں میں لکھا جائے اور آج وہ کوشش یا عمل ایفل ٹاور کی شکل میں ہم سب کے سامنے ہے۔ تو ساتھیوں ہمیں بھی کچھ اسی طرح اپنی زندگی کی مشکلوں کو اور راہ میں آئے پتھروں کو ہٹاتے ہوئے اپنا راستہ خود بنا لینا چاہئے اور تمام بلندیوں کو اپنے نام لکھوا لینا چاہئے۔

The present findings of the 10-year follow-up study of the 1970-1971 birth cohort suggest that sensitivity to this phase problem is not a simple function of the child's IQ. Children below 100 IQ are more likely to experience sensitivity to this phase problem than children above 100 IQ.

The most surprising of the study findings would appear to be that the children with the lowest IQs are the least likely to experience a phase problem.

The first Cultural Institute was established in 1951, and since then, the number of such organizations has grown steadily. In 1991, there were 100 Cultural Institutes in Japan. They have been instrumental in promoting Japanese culture abroad and in fostering international understanding.

Dr. Francisco Contreras told the students and new faculty, large numbers of whom were in country squares in February and last April. "I was informed that they [massacre victims] were not the children of the elite but the children of the poor," he said. "I was surprised to find that they were engaged in a number of activities like that of bookkeepers and tax collectors with the nation. A kind of individualism and personal initiative were seen and they expressed it through drawings on the enormous Political Canvas that was hung in the hallways of the school."

nity College along with its missionary branch Unity College. It shift celebrated its 40th anniversary with full honour and festivity in Isman Ali (A.S.) and his teachings. A short academic programme was organized by the Department of Islamiat to sensitize the students towards compassion and service to the orphans and the poor. It was in compliance to the Imam's ardent love for children, especially the orphans. He used to caress and embrace them so lovingly that a few of his followers wished if they were orphans too, they would get the Imam's attention. Hence, the students exchanged gifts and embraced each other with warm greetings. They recited Kasmaiah in praise of Imam Ali (A.S.). The function concluded on the noble note of universal brotherhood and compassion for the weak and the poor.
